## WHAT'S A BRITISH SUBJECT?

### Many Acres Are Lost

#### LAKE EROSION HAS BECOME SERIOUS PROBLEM TO FARMERS

Erosion Trouble Has Been More or Less a Football Between The Federal And Provincial Governments Every Time That Land Owners Have Asked For Assistance — Financial Loss To Owners And Municipalities Has Been Tremendous In The Past Ten Years — Many Methods of Prevention Have Been Tried At Great Cost.

The Niagara fruit area in both Lincoln and Wentworth Counties bordering on Lake Ontario, comprising about 50 miles of shoreline, is being rapidly eroded by wave action, with resultant annual loss of land and fruit trees by growers with lakeshore properties. This was pointed out to the Select Committee of the Ontario Legislature on conservation by representatives of the two counties at a sitting in St. Catharines last Tuesday.

Burton Corman, speaking for Wentworth, said that no person, unless he lived along the lakefront, could realize the tremendous loss taking place each year. Large acreages were being washed away by every storm, a row of grapes or a row of fruit trees disappearing from some farms every year. As a result, many ratepayers had asked for reduction in property assessment.

"The erosion trouble has been more or less of a football," he said.

"Some years ago, we tried to get assistance from Federal and Provincial governments, but both felt it was the duty of the other. As a result, we haven't made much progress in getting assistance. Anything that has been done so far to save the land has been done by private persons. Small piers, weirs or walls that were put in have, however, been washed away and the lake has cut in behind them."

Mr. Gorman felt that some concerted action should be taken with municipalities helping to defray costs if necessary.

Howard Craise, Lincoln, said some of the most valuable land in the province was being washed away. He instanced a Vineland farm on which a recent survey

**CHILDREN'S AID WORK MORE THAN TREBLED**  
Increased Demands For Service Have Increased The Urgent Need For More Office Space.

Pressure from the community for Children's Aid Society services has almost trebled since this time last year, it was reported to the meeting of the Children's Aid Society of St. Catharines and Lincoln County.

Statistics show that applications for this type of service have averaged 48 new cases per month since April 1949, compared with only 18 new cases per month for the same period in 1948.

Increased demands for service have increased the urgent need of the local society for more office space in which to conduct inter-

(Continued on Page 3)

**LINCOLN PRESENTS A BRIEF TO CONSERVATION COMMITTEE**  
Agriculture in the county of Lincoln can be divided into two very distinct types — fruitgrowing below the escarpment, and general farming above the escarpment. These widely divergent types need different methods of conservation to maintain production.

In common with many other counties Lincoln County is experiencing a drastic lowering of the soil-water table, resulting in dry wells, dry subsoil, and the loss of many crops from drought. In part this may be attributed to the loss of forest cover, and in part to a depletion of organic matter by intensive farming below the escarpment, as well as improper methods of farming above and below the escarpment.

The fruit belt below the escarpment is an intensively planted area needing very little reforestation

#### SOME FRUIT GROWERS WILL NEVER LEARN

Facing Of Fruit And Shipping Green Tomatoes Bring Heavy Fines — Inspectors On The Job.

Two farmers who had never read the regulations which govern fruit packing, were convicted last Thursday of offering fruit for sale that was packed contrary to regulations. John J. Dyck of R. R. 1, Niagara-on-the-Lake, was fined a total of \$52 or 20 days in jail on two charges of over-facing fruit baskets. Henry H. Epp, of Vineland was fined \$21 or ten days for shipping green tomatoes marked as No. 1 quality.

"I think that you had better get a copy of these regulations," advised Magistrate Harely D. Hallett. "It is your business to familiarize yourself with the requirements."

Inspectors L. C. Sturdy and William Smith of the Ontario Department of Agriculture gave expert testimony in the cases. Of Dyck's peers, they said that the top layer had 5 per cent insect injury, while

(Continued on Page 4)

#### DRILLING FOR WATER

South Grimsby Council last week accepted the tender of Irvine T. Lounsbury to drill ten-inch test wells as the start of securing a pure water supply for the Village. Smithville was ordered by mandate last spring to establish a water supply for the Village, after the wells in use had been condemned. It is expected that action will be taken in the near future to drill the new wells.

The directors of the Optimist Club met on Tuesday night to discuss plans for the winter season, and before giving a great deal of thought to the immediate plans, decided unanimously to cut loose some of the so-called "dead wood" in the club, and to take in those men currently on the waiting list of the club membership.

It was generally expressed that the Optimist Club could be most effective without having a membership so large as to be awkward to handle. With a membership of around fifty or sixty it is felt that

#### WEST LINCOLN MEMORIAL HOSPITAL OPENING SUNDAY

Erected and equipped at an approximate cost of \$270,000, the West Lincoln Memorial Hospital will be open to the public this Sunday afternoon at 2 o'clock Daylight Saving Time. At three o'clock the official opening ceremonies will commence, this being in the form of a religious dedication service, and will be followed by a short informal address by Mr. A. R. Globe, the man instrumental for the erection of this hospital that will serve the people of West Lincoln. The thirty-two bed hospital is as modern as to-morrow, and is complete with every known facility to assure patients of treatment unparalleled even in the larger city hospitals. Two operating rooms, one for minor surgery and one for major surgery are available, while another feature is the availability of oxygen in every room. Officials in charge of the opening are most anxious that everyone in the entire area visit the hospital Sunday to see for themselves what a fine institution has been made available for the well being of the people in the fruitbelt. Taking part in the dedication ceremony will be several members of the clergy of Grimsby and Beamsville, Warden of Lincoln County Leslie Lymburner, and Mr. P. V. Smith, who will act as Master of Ceremonies.

#### GRIMSBY MINISTER HONORED BY CALL TO OTTAWA CHURCH

Rev. A. Leonard Griffith Of Trinity United Church of Chalmers United Next February — Youthful Minister Very Nearly Became An Actor Instead Of A Preacher.

Two and one-half years ago Trinity United Church of Grimsby was very lucky in securing the services of Rev. Leonard A. Griffith, to succeed that very fine Reverend Gentleman, W. J. Watt. Now Trinity United members have received a terrible shock. Rev. Mr. Griffith has received and accepted a call to Chalmers United Church in Canada's Capital City of Ottawa.

The whole story is told in this article that follows:

By Frank Dubvern, Evening Citizen Ottawa Staff Writer

Youngest man in the United Church of Canada to receive a call to a church the size of Chalmers United, 30-year-old Rev. Arthur Leonard Griffith, B.A., who nearly

#### SERIOUSLY INJURED

Roger Noblock, Cleveland, Ohio, was seriously injured early Tuesday morning when his car, east-bound on the Queen Elizabeth Way, at Grimsby, crashed into the abutment of an overhead bridge and was completely wrecked. Noblock, alone in the car, is thought to have fallen asleep. He was removed by ambulance to St. Catharines General Hospital. Constable D'Arcy Garrett investigated.

REV. A. L. GRIFFITH

#### HISTORICAL SOCIETY IS MAKING PROGRESS

A Parade Of Genuine Old Time Costumes Is Planned — Preparing History Of The Old Forty.

Reports of committees which have been at work during the summer and early autumn were presented and discussed at the executive meeting of Grimsby Historical Society last Thursday at the home of the secretary, Mrs. Harry Powell, Kerman Avenue.

On Wednesday evening, Nov. 9th, in the High School Auditorium a parade of genuine Old Time costumes will be presented, modelled by Grimsby people; narrator, Mrs. P. McIntyre, Winona. Refreshments will be served at the close by the entertainment committee, Mrs. E. W. Phelps, convener.

Satisfactory headway has been made in gathering data in connection with doctors and schoolteachers who served Grimsby and district in early times. A booklet will be prepared from this material.

The first publication of Grimsby Historical Society will be in the

#### GRIMSBY WEATHER

Week ending at 8 a.m., Monday, October 17th, 1949:  
Highest temperature — 84.0  
Lowest temperature — 39.5  
Precipitation — 0.57 inches

### THAT IS A QUESTION THAT PERPLEXED COUNCIL MEMBERS

Final Reading of New Police Bylaw Started The Argument — Bylaw Had Been Approved by Officials in Toronto — Over Three-Quarters of the Voluminous Bylaw Makes Direct Application to The Criminal Code Over Which Council Has no Control — Building Permits For \$25,000 Are Issued — Relief Costs Are Rising.

What constitutes a British subject? This was the question put forth by Councillor Lothian, following the reading of the police bylaw, that first appeared before council on July 8th. The lengthy document was read by Clerk Bourne (reading time twenty-seven minutes) and before Mayor Lewis called for a vote on the passing of the bylaw, Lothian picked up this shred, and before long a debate ensued that took another half hour of Council's time.

The bylaw contains a wealth of detail pertaining to the administration of police forces, and the British subject angle which Lothian picked up, came as a result of one clause, which stipulates that applicants for the position of constable must be a British subject. Other members of Council argued that an applicant need not be British subject, simply a Canadian. It was evident that none of the Council were too well versed as to the status of a Canadian pertaining to his connection with Britain.

#### TOWNSHIP HEARING POSTPONED A MONTH

Brief To Be Presented Before Ontario Municipal Board Re Water Rates Charged By Water Commission.

The hearing that was to have been held before the Ontario Municipal Board of Wednesday last was postponed until November 8th, owing to the late arrival at the hearing of John Aikens of North Grimsby.

North Grimsby Township Council are seeking a lower water rate from the Grimsby Water Commission than the 26 cents per 1,000 gallons now charged. This action was taken after efforts to secure a reduction from the Water Commission had failed.

The Township's brief, to be presented to the Board states, in part: "We are the largest consumer of the Grimsby Water Commission but other large consumers pay only 18 cents per 1,000 gallons; during peak season of water consumption for past several years, the Town of Grimsby has been unable to maintain reasonable pressure in the township system due to reasons beyond control of township; we are in the position of being the largest consumer, paying the highest rate and getting the poorest water."

(Continued on Page 4)

#### FOREIGN VISITORS

Recent visitors at the Horticultural Experiment Station, Vineland, include Dr. Warren P. and Mrs. Tufts, of the College of Agriculture, University of California. Dr. Tufts was particularly interested in the pomology work of the Station. Another foreign visitor was Dr. Frederick Nilsson, of Akarp, Sweden, who is in charge of horticultural research in Sweden. He was accompanied by Mrs. Nilsson.

### FORMER BEAMSVILLE PRINTER GETS WRATHY OVER RADIO FEE

(Beamsville Express)  
Kitchener police were wondering what to do with John Schmidt's radio one day last week. Angry over being fined for non-payment of his radio license fee on Wednesday John mailed his summons, money order for the fine, radio license and finally the radio itself to the police department.

Beamsville people will remember John as a former employee of The Express and later the Hamilton Spectator, until he returned to Ayr to work on the News there.

Seems he had been summoned to appear in Galt court. As an alternative he had an opportunity of mailing his fine to Otto Leyes, justice of the peace at the Kitchener office.

The letter accompanying the radio read: "Having discussed and studied the Radio act with various authorities and private individuals, I have formed the opinion, along with many others, that it is one of the most unfair, discriminatory, unequally enforced and unsavory acts ever put into the statute books of Canada."

(Continued on Page 3)

#### FORMER GRIMSBY BOY PASSES IN LONDON

Lt.-Col. Hamilton Bingle Had An Envious Record In Two Wars — Was Born In North Grimsby In 1886.

(London (Ont.) Free Press, Tuesday, October 4th)  
Lieut.-Col. Hamilton Bingle, M. B. E., E. D., former second in command of No. 12 Basic Training Centre, Chatham, and secretary-treasurer of George White and Sons Co., Ltd., here, died suddenly yesterday at Westminster Hospital.

Lieut.-Col. Bingle retired from his post at Chatham in 1946 and returned to the insurance business. He joined the Princess Pata in 1914 and served overseas with the unit. He became a captain at the Battle of the Somme, in 1916. Demobilized in 1919, he joined

# Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## LIKE PHOENIX: IT AROSE FROM THE ASHES

Like Phoenix, West Lincoln Memorial hospital has arisen from the ashes. The grand new hospital will be dedicated and officially opened to the public on Sunday afternoon next. What a great achievement by the people of the great West Lincoln Fruit Belt.

Reeve Leslie M. Lymburner of Caistor Township, Warden of Lincoln County, will be the officiating master of ceremonies, and correctly so, for Caistor Township has a stake in this hospital the same as the other five municipalities concerned, and also has the County of Lincoln of which he is the "Prime Minister."

It has been a long hard fight since that cold, bleak day of January 29th, 1947, when the call came in that West Lincoln hospital was on fire. But the fight has been won, as is attested by that wonderful one story "T-shaped" building that now stands on beautiful Number Eight Highway half-way between Grimsby and Grimsby Beach.

Set among the peach trees and surrounded by beautiful homes and with a marvellous memorial garden in the formation of construction it will not only be a home for the relief of the suffering but will be a thing of joy and beauty for a great concourse of summer visitors.

The battle of reconstruction has been a long, tedious one, for the "Grand Old Man of the Fruit Belt," A. R. Globe, and all his wonderful band of assistants, but it has been a long hard battle by Miss Doug MacRobbie and her faithful staff, first the fire and then the temporary hospital and now the fixing up of the new institution and the settling of the new nurses' home.

We must be thankful that we have had Miss MacRobbie, Miss Grace Lewis, Miss Templin and all the other ladies that go to make up the nursing staff at West Lincoln hospital, also all those registered nurses,

now married and raising families, who so generously give of their time to help out at the hospital.

The dedication on Sunday will be a particularly happy one to a little band of men in Grimsby. In fact it will be a gala day, and what better day for a gala affair such as this. I now refer to that little band of men that fought for eight hours a losing battle against the Fire Demon and at nine o'clock at night, like the Arabs, folded up their hose and equipment and went home.

Drenched to the skin; half frozen; broken hearted; what a bedraggled lot of bunch of boys they were when I watched them that cold January night, until midnight, hanging hose and cleaning equipment, getting ready for the next call.

As in so many other cases men work silently, but while working they are thinking, that must have been the case in this situation, for at 10 o'clock the next morning, "Old Sandy" Globe was notified that there was \$1,000 at his command if they were going to rebuild West Lincoln Memorial hospital. That was before the rebuilding fund ever had been created.

Folks, that money came from Fire Chief Alf DePage, and the men of the Grimsby Fire Department, the men "who fought to win and lost." I hope that they have an honored position at the dedication ceremonies.

To all the people of this great Fruit Belt, I say, Thank you for the manner in which you have risen to the occasion and have rebuilt West Lincoln Memorial hospital, a hospital, small as it was, was a credit to the district that it served. Now with added accommodation, more modern equipment and appliances will be still a greater credit, you should be proud that it is yours, so therefore support it generously any time that the call comes. In other words be Firemen.

## LARGER GRANTS RAISING SCHOOL STANDARDS

Premier Frost's pride in the assistance which the Progressive Conservative administration has given to the public and secondary education in the province since 1945 is fully warranted. The increased financial aid in the form of large school grants is now being reflected in better school buildings and facilities in many municipalities and a higher level of standards of education which would not have been possible had it not been for increased provincial aid.

Prior to 1945 the Ontario school grants were less than ten million dollars per annum. In that year they went up to \$26 million and have increased year by year until in the present fiscal period the Government's grants to school boards will be slightly over \$37 million. Out of every dollar of provincial expenditures twenty-five cents now goes for education.

Premier Frost has recently given some interesting figures on the expansion of new school facilities in the province. Between 1945

and the end of 1948 there was \$25 million spent on new schools and a similar amount will be spent this year. New accommodation is being provided for 75,000 pupils and another 75,000 are being taught with improved facilities and in renovated buildings.

A portion of these capital expenses is borne out of the provincial grants, though the exact percentage cannot be determined owing to the varying costs per pupil in the school districts. The higher provincial grants have made it possible for school boards to finance new buildings which, without this assistance, could not have been built.

Gradually the "little red schoolhouses" are being replaced throughout the province, and leaving aside the nostalgic memories of those bare and often unkept edifices, it is a good thing. Spartan surroundings and the hickory stick are not necessary for implanting knowledge. Brighter classrooms and better educated teachers give greater opportunities to all pupils.

## NEIGHBOURLY PROPAGANDA

On a recent Sunday morning, the C.B.C. "Neighbourly News from the Ontario and Quebec Weeklies," given "in co-operation with the Canadian Weekly Newspapers Association" purported to summarize the views of weekly editors on the question of the C.B.C.'s proposal to have the radio licence fee doubled. One paper was quoted as being in favor, one against and one maybe, thus giving the impression that the weekly editors are about evenly divided.

It is not so. Most weekly papers are opposed to any increase. Most papers, daily and weekly, don't care much for the C.B.C.'s policies in general. And weekly editors accurately reflect views held in their communities. Not much sympathy can be expressed for the C.B.C. in its poverty. The C.B.C. recently squandered a couple of millions of dollars on an unnecessary extra station at Toronto, already served by its own No. 1 station and a half-dozen other private stations. C.B.C.'s new station, running for a year or so, has the distinction of having the smallest group of listeners of any station around.

C.B.C.'s purpose in spending these millions was to have a mother station for a second network to corral more advertising revenue.

## THE CARNEGIE FORMULA

Andrew Carnegie, of steel and library fame credited with saying "Give me the man who saves — and then makes sure that his savings work for him."

Starting without education or money, Carnegie became one of the world's great builders of industry — as well as one of the world's greatest educators and philanthropists.

He himself was the perfect example of his own credo. Through his Scotch ancestry he probably inherited his instinct for thrift, and out of the wise use of his small early savings, he bought his first small share in a small steel plant, which he steadily expanded to huge proportions.

His formula for selecting his associates is still followed by many firms in the selection of men for promotion to key positions. Brief-

ly it is that the man who is thrifty and shrewd in his own affairs is the man most likely to exercise the same traits on behalf of his company.

One of the notable developments of recent years in Canada has been the cultivation of the thrift habit through the purchase of government bonds by the Payroll Savings Plan method now adopted by most leading companies. Hundreds of thousands of Canadians, first started a systematic plan of saving in this way, and have kept it up ever since. They may not become Carnegies, but thousands are becoming home owners, making better provision for the future, accumulating enough to start their own businesses or otherwise preparing to satisfy their individual desires in their own way. Everyone has something to save for.

The new Fourth Series of Canada Savings Bonds will shortly be on sale — and many companies are again making the Payroll Savings Plan available to all employees. The plan is designed to make saving easy — and it does. You hardly realize you are saving until one day you get your bond and your savings in a chunk. Andrew Carnegie never had it half so easy!

## PSALM 72:8

"He shall have dominion also from sea to sea, and from the river unto the ends of the earth."

The Fathers of Confederation had that in mind when the title "Dominion of Canada" was incorporated into the Act of Confederation. As W. L. Clark, in The Windsor Star, points out, the verse fitted so well; Canada stretched from the Atlantic to the Pacific and from the St. Lawrence River and Great Lakes to the North Pole.

And yet a group of Quebec M.P.'s want to eliminate "Dominion" and re-name this commonwealth simply "Canada," which, as we remember it in school days was the Indian for a collection of huts.

The movement did not get anywhere in Parliament the other day but it is obvious enough, as The Windsor Star columnist says: "The Quebec men keep trying to whittle away."

## TWENTY YEARS AGO

Twenty years ago this month, on October 24, to be exact, and continuing for 23 days, there occurred the world's greatest stock market crash, the bursting of a cosmic balloon felt in every part of the world, as severely economically as the atom bomb was felt in Hiroshima.

It was a quiet morning in Wall Street. There had been 20,000 shares of General Motors stock offered and taken; 20,000 shares of Kennecott. The ticker lagged for an hour or so, and then, at 11 o'clock, a flood of selling orders hit the tape. The clerks at the Exchange scribbled the quotations down on the blackboard and looked around confidently to record the sales. There was no takers. Groups of traders tied up in conversational knots swallowed their words suddenly as if they had been caught talking in church. No one made a move. Prices wavered, dropped a little and then dropped again. And still no buyers appeared. No buyers at any price.

Then the lid was off; the panic was on. Orders swamped the exchange from every part of the country, showing how sensitive the stock market organism can be. By time of lunch, the ticker tape was two hours behind and after that no one knew what was happening. Prices, as one writer recalls, went down with "ferocious violence." By the hundreds of thousands people gathered in the streets of the financial district of New York City. Bootblacks called off work, stenographers by the thousand quit, women left children playing on the street, girls walked away from their counters and customers followed. Even Mr. Churchill was there, feeling relieved, no doubt that he was no longer Chancellor of the Exchequer in Britain. His visit was followed by that of the New York Police Commissioner with 400 officers and 100 mounted men. But the crowd was quiet. It wasn't like the run on a closed bank exactly.

Here was the condition. An Oklahoma school miss, on vacation in New York, had \$500 and had run it up to \$87,000 in three months. Sam Furman, Milwaukee dry goods merchant, woke up one morning to find himself a millionaire. There were such astounding fortunes as \$100 and \$250 million; ALL ON PAPER. Then in those hectic 23 days followed a wave of suicides all across the United States, and extending to South America and South Africa, no doubt in Europe too. The losses totalled 50 billion; millions were made paupers overnight or within a week. The economy of every country in the world slipped down to black depression, Canada not excepted. There are still bitter memories of that time.

What was the cause? The stock market players, by their millions, had exhausted their margins. All of them ran out of capital and credit at about the same time. Just as they later surrendered their half-paid-for homes, motor cars and grand pianos, they dumped their thousands of stock shares ordered on margin, when they could no longer put up enough collateral or real money to hold them. The bull market crashed like a house of cards.

What about it happening again? The marginal buying of stocks in the United States now requires half the quoted price of the stock in real cash. There is no longer any shoe-string buying by the bootblacks. Another safeguard is the memory of the 1929 experience. The big and little operators are no longer wild-eyed gamblers on the street; the business, has attained a good measure of sobriety. How long that will last is anyone's guess. But the legal safeguards are not likely to be relaxed in our day.

Another story entirely could be written on the effect of the stock market crash in Canada. Men went to jail over it and many fortunes went down the drain.

Where carcasses are, eagles will gather, Marry your son when you will, but your daughter when you can.

But I mean such wives as are none of the best.

Is 't not enough plagues, wars, and famine, rise to lash our crimes but must our wives be wise?

"Every newspaper editor owes a tribute to the devil."—La Fontaine.

WHERE IS GLEN HURON? The first person that gives me a correct geographical answer will receive a year's free subscription to The Independent.

This will be pleasing news to "High" McGregor, "Pop" McVicar and Chief of Police James: Ottawa, Oct. 13 — Here's some hope for six footers and over who have spent miserably cramped nights travelling in regulation railway berths. Six-foot-four, 240 pound Donald Gordon, president-designate of the Canadian National Railways, told a press conference to-day that he sympathizes with the "physical peculiarities of large men" on this berth problem and added that he might be interested as C.N.R. president in doing something about it.

It's all over, folks. There ain't going to be any more. You lovers of it, will never get any of it, for yourself or your kids or for your grandkids or even your great-grandkids. I thought at one time that I was going to be able to get it for the people and the kids of this district, but that idea is all shot to pieces now, although at one time the little fellow did go to work and make me 40 pounds, but since then none. I even went so far, with the help of Throckmorton Industrialist Jarvis to offer to form a company to have him make this delicacy, if for no other purpose than to serve Grimsby and the Fruit Belt. No dice. I still always had hope that some day he would come back, and give the public of the Fruit Belt, at least, a chance to know just what this delicacy was like, but no, he always refused. Last Thursday the back was broken. Never again will the people of this district know what PEANUT BRITTLE is. George Kamnacher Jr., or in other words "Little Whizzer," was the gink that made the best PEANUT BRITTLE that ever went down any person's throat. When he closed up the restaurant he closed up Peanut Brittle. He kept all his stew kettles and marble slabs and rollers and knife rollers, whatever they are, but I never could persuade him to start back and make and sell Peanut Brittle. But a lack of other things, including honeymoons, it's all over now. "Little Whizzer" last week sold all the stew kettles, those wonderful marble slabs and above all things the recipes for making PEANUT BRITTLE, to some gink up in New Dundee. I'll bet there isn't a school kid in town that can tell me where New Dundee is. Whizzer, you let me down. No more will I ever eat candy, and I used to eat three pounds of Brittle a week. Such is life.

## The Country Editor

(From the Windsor, Ont., Daily Star)

There's a someone always ready To help with any plan To better the community, And serve, as best he can, The churches, school and council, The lecture course and more Committees than you've dreamed of— THE COUNTRY EDITOR!

He feels that town and country Are never separate, That they best help each other When they co-operate. For home trade is his slogan, "Mail-orders" make him sore, Spends his money where he makes it— THE COUNTRY EDITOR!

He'll give advice on farming, On raising hogs or hens On politics and oiled roads, He editorializes. Religions, art or gas wells, Ancient or modern lore, He'll answer all your questions— THE COUNTRY EDITOR!

He OWNS no automobile, Drives no heavy loads Of corn or wheat to market That he should need good roads, But "good roads" is his hobby That he is working for, He'll never cease to ride it— THE COUNTRY EDITOR!

When at last his work is over Do you think that he Will be contented just to rest Through all eternity? No, in heaven there'll be a place Where, for evermore, He can help to push and boost— THE COUNTRY EDITOR!

### CHILDREN'S AID

views and handle cases satisfactorily. Several proposals for obtaining more space were discussed at the board of directors meeting, and it was evident that more adequate accommodation will be provided in the near future.

Thumb-nail sketches of case work done in the St. Catharines society during September were given to the meeting by the superintendent. He cited the case of a five-year-old child who attends school in the afternoon, but is left alone in the morning while her parents are working. Her nine-year-old brother is left to prepare her breakfast before he goes off to school. A family of eight, burned out of their home in Northern Ontario, were referred to the society for housing accommodation after they came to friends in St. Catharines. There was also the case of a husband and wife who were separated, where a ten-year-old child lives with the husband in a trailer, and the wife supports the four other children in one room.

### FORMER GRIMSBY BOY

the Canadian Fusiliers in 1924 and became commander of the unit. In 1937 he relinquished his command. In 1941 he enlisted for active service and was company commander at No. 11 Basic Training Centre, Woodstock.

From Woodstock he was transferred to company commander at No. 12 B. T. C., Chatham, later becoming second-in-command.

Col. Bingle was born in Grimsby in 1886 and was educated there. His first military unit was the 7th Regiment, London, which he joined in 1901.

Col. Bingle was a Fellow of the Chartered Institute of Secretaries. He was a member of St. John the Evangelist Anglican Church.

He was the son of the late William Hamilton Bingle and Alice Bingle. Surviving are his wife, Marjorie Blandford Bingle; one son, William Hamilton Bingle, at the family home, 329 St. George Street; one daughter, Mrs. Charles (Joyce) Gibbons, Montreal; and four brothers, Roy A., of London, Thomas, of Brantford, Alfred, of Grimsby, and W. Burton, of Toronto.

### FORMER BEAMSVILLE

dition, to obviate the necessity of having government sneaks running through my dwelling-place, is enclosed radio. I had imagined when I got a radio and paid for it with hard-earned cash it was for my own private use and amusement, and not as a means of having strangers rampaging through my house inspecting it.

"I did not regard it as a public utility which would need servicing, and inspection of the company installing it. Instead, the government has seen fit to use it as an instrument to enable them to turn loose their inspectors to annoy private citizens in their castle, as the Englishman terms it.

"It is worrying many persons to think what this could mean to democracy if the government used these tactics in other fields without any comeback on the part of the private citizen.

"The whole set-up and enforcement of the radio act, in my opinion has created an odium among honest taxpayers and should have an end put to it. Honest men pay their just debts and taxes and coercion of this sort only serves to turn them into crooks.

"I do not believe the King, in whose name your communication was sent, would condone such an enactment had he known the inroads it would make on the life of a private citizen and subject of his."

### MARY ACRES LOST

showed that 49 feet had gone in the last ten years, and told of others on which the loss was much greater.

"I feel this committee should realize what is happening," Mr. Craze said. "It is a very serious problem and we cannot allow the loss of land to go on indefinitely. A lot of men are losing their livelihood and the government is losing taxes. We all appreciate the owner's assistance would be helpful."

J. R. Van Haerlem, told of efforts made to save the shoreline at Vineyard Experimental Station. "First we planted willow trees on the bank slope," he said. "They all banked out. Then we built a sea wall and it was undermined. Next we put in two piers and three extra groynes. They're gone too. Lately, we spent \$5,000 on big stones that we dumped over the bank and that does seem to hold the bank but there is no beach. Large boulders look like the most effective way of checking the erosion."

The Lincoln County brief stated, in connection with erosion: "Many growers along this shoreline have lost acres of good orchard land within the last 20 years. Of the many methods devised to lessen and prevent this erosion, the use of large blocks of limestone, dumped over the edge, appears to be the best. It is felt that many growers would make use of this stone im-

mediately if some means could be devised to make its installation available to them at cost." The use of heavy rock fill and erection of groins, particularly where erosion is worst; also, stopping the withdrawal of sand by sand-sucker or other means, from the shore for industrial or other means.

The Committee Secretary announced that the Select Committee was meeting the Lake Shore Erosion Committee on November 9 to inspect some of the worst spots from Niagara to Scarboro.

### WHAT'S A BRITISH

It was the feeling of some members of council that copies of the bylaw should be given to each member for careful study.

"I feel that it's a darn stupid thing to start arguing about," was the attitude of Councillor Gross-Smith, who, like Deputy-Reeve Constable, could see no reason in holding up the passing of the bylaw any longer. Reeve Price thought that it should be held over for another month, and Councillor Brown who thought that the bylaw was long enough for book form, also was hesitant about immediate passing, and when the vote was called for by the Mayor, Brown and Lothian were the only dissenting voices on the motion.

Mayor Lewis felt certain that the bylaw would never have been forwarded to council if it were not correct in every respect. He intimated also that it might not be long before a council would have little to say about such a bylaw, and would pass it whether they liked it or not. This theme was taken up by Councillor Scott, who said that over three quarters of the bylaw makes direct application to the Criminal Code, which council has absolutely no control over.

Eventually police bylaw No. 1140 was accepted by Council and passed with two members voting against the action.

The second after Mayor Lewis officially declared the motion passed, Mr. Sam Bonham was on his feet from the nearly empty gallery, and told council that the bylaw had not been read, a first or second time, but he failed to carry the issue any further.

This was the second time ex-councillor Bonham had been on his feet, the first time was at the conclusion of the reading of the minutes of the last regular meeting of council and also of the special meeting, which was held to air the complaint of Mr. Bonham re the handling of the human bones case by police officials. When the Mayor asked if there were any errors or omissions in the reading of the minutes, Bonham asked if his remarks applied to the audience as well as council.

"I know what you're going to ask," said the Mayor.

"I don't think you do," replied Bonham.

"At any rate, I'm afraid it applies only to council," replied the Mayor.

"Very well," said Bonham, falling back to his seat.

Council put through some routine business before again hearing from Mr. Bonham. Motions passed included the setting of a date for Court of Revision, which will be held at 7.30 on the night of October 28th. Building permits were granted to the following:

C. Sweet, garage, \$150  
L. Farrow, dwelling, \$6,000  
Lincoln Electric, alterations, \$50.00  
H. R. Dickson, dwelling, \$7,500  
Dr. Christie, patients' office, \$2500.  
M. A. Johnson, alterations, \$300.  
W. H. Saunders, dwelling, \$8,000.  
Orin Cosby, garage, \$300.

The appointment of Constable MacKenzie to the Grimsby Police Force was ratified; accounts of the Joint Fire Committee amounting to \$142.04 were ordered paid subject to the approval of the Committee; Relief accounts for September, amounting to \$103.58 were read and ordered paid; general accounts totaling \$1847.31 were heard and ordered paid, council also passed a motion granting the selling of two lots in Lakeview Gardens to Miss Lillian Potter.

Council then heard Mr. Bonham, who addressed council with regard to a recent accident in which a vehicle owned by him was involved. This item had been heard by council previously, and the claim for damages amounting to one hundred dollars had been turned over to the town insurance company. Since that time, both Mr. Bonham and the council have been informed by the insurance company that a claim cannot be recognized, as a new clause in the act allegedly alleviates the company of payment when an accident does not happen on the actual pavement of town streets.

It was Mr. Bonham's contention that the pavement does not necessarily constitute the travelled portion of the road in many cases in this town where curbs do not exist, and Bonham suggested to council that they take immediate steps to investigate any changes in their insurance policy.

The Mayor and rest of Council appeared vitally interested in Mr. Bonham's statement, and Mayor Lewis told Bonham that he and councillor Lothian would immediately check into the matter with the company. The matter was then dropped, temporarily, at least.

Concluding the regular session of council, considerable time was spent on the sewer problems facing the town, and although no action was taken, it would appear that this will be a matter that will find place on the agenda of future meetings for some time.

### FOUR POPULAR HYMNS

Not long ago, a poll made in this country to determine the relative popularity of Christian hymns revealed that only four constituted the first choice of 20,384 of the 30,000 churchgoers questioned. For every 100 persons who named as their favorite Abide with Me, the hymn that led, 75 preferred Nearer My God to Thee, 57 preferred Lead, Kindly Light and 47 preferred Rock of Ages.

The baby in the accompanying picture is almost guaranteed to provoke your warmest smile at first sight. The photographer who took the picture has caught to perfection that wonderful expression of a baby bubbling over with sheer fun and delight.

But the baby is more than just "cute." He's also symbolic. For one thing, he looks just about the way most of us feel when we have made the last payment on a Canada Savings Bond through the Payroll Savings Plan.

For another, this is only the fourth year that Canada Savings Bonds have been available to Canadians, but like the healthy, happy child with his winning smile, they have captured the fancy of men and women in every walk of life. More than 3,000,000 Canada Savings Bonds have been bought in the past three years by people like us and total holdings of them now amount to more than a billion dollars.

## DRILLING FOR WATER

est service of the Grimsby Water Commission.

Asking that "we be placed on a par with other large consumers of water supplied by Grimsby and be charged at the rate of 18 cents only per 1,000 gallons," the township claims Grimsby, from 1941 to 1945, had a gross surplus of \$89,527 over and above cost of operating water system, and that in last five years \$40,500 "has been used to lower the mill rate in Town of Grimsby and \$10,000 retained as cash surplus."

"In 1948 the cost of pumping distributing and services in the Town of Grimsby water system, as per audit reports, was 12.45 cents per 1,000 gallons," the brief claims. It also states that in the 1941-48 period the average cost was only 10.2 cents.

## SOME FRUIT GROWERS

the bottom layer had 15 per cent. His peaches were packed so that 90 per cent of the top layer were standard size or better, and 90 per cent of the bottom layer were under the required standard.

Magistrate called it "a very mean offense to dress up the top of the basket" to cheat the customer. "I just did it to make the basket look better," said Dyck. He said that he had been forced to do it because he had lost over half his crop, and many did not size up properly due to weather and the soil.

Henry Epp admitted that the 129 baskets of tomatoes he shipped were mostly green, but said he had picked them that way because they were to be shipped to Newfoundland. Government inspectors testified that 71 per cent of the tomatoes were green and many were slightly cracked or scarred.

The soft-spoken, nervous farmer explained to the magistrate that he could not swear on the Bible because he was a Mennonite. Instead, he made an affirmation to tell the truth.

Just a week earlier a shipment of tomatoes from Epp had been held up at the warehouse as being too green, and a notice sent to Epp about it. The farmer explained that he had shipped the second batch of tomatoes before he received the first notice, because he only picks his mail up once a week. His farm is in Queenston, but his home is in Vineland, and he has been camping at Queenston for the summer.

Asked how he knew what kind of tomatoes to pick if he had never read the government regulations, he told the court that the shippers came to the farm and showed him the type they wanted by picking several of the appropriate kind.

An interesting arrangement between the Federal and Ontario governments came to light during the trial in the evidence of F. C. Sturdy. In order to aid the work of both federal and provincial departments, fruit inspectors appointed by the provincial government are also appointed by the Dominion government, and vice versa.

## LINCOLN PRESENTS

appears to be the best. It is felt that many growers would make use of this stone immediately if some means could be devised to make its installation available to them at cost.

The area above the escarpment is a general farming area, mostly flat, but quite rolling in some sections. A change to contour farming, where it is applicable, would prevent much of the gullying and heavy sheet erosion now going on there.

By far the greatest problem in this territory above the escarpment is the loss of fertility represented by the movement of manure, hay and straw to the Niagara fruitbelt and to the Norfolk tobacco area. Considerable educational and demonstration work will be necessary to stop this movement of needed fertility to other crops because, as long as manure, hay and straw are considered cash crops, it will be difficult to improve the area very much.

The following data, put in concise form to save time, states many of the causes and suggests some remedies for the various points we wish to have considered.

## 1. Erosion - Gully, sheet, wind and lakeshore

Causes - Except for the lakeshore erosion, most of the loss of fertile soil is due to improper methods of farming - too much and too deep cultivation - planting with the slopes - bare soil over winter - frequently it is the continued use of the same crop instead of rotation. Much of the lakeshore erosion has been augmented by the removal of sand for building and other purposes.

Remedy - a. The filling of gullies with brush and other wastes to catch soil and gradually return these areas to crops.

b. The use of cover crops on soils otherwise bare over winter.

c. The use of sod wherever possible in orchards, along water courses, and roads.

d. Contour planting and the use of terraces both fruit and grain land.

e. The use of as few water furrows as is consistent with adequate surface drainage.

f. The immediate use of heavy rock fill and the erection of groins along the lakeshore, particularly where erosion is the worst.

g. Stopping the withdrawal of sand by sanducker or other means from the shore for industrial or other uses.

## 2. Low water table throughout the County.

Causes - a. Removal of most of the natural forest cover, particularly at the headwaters of the various streams.

b. Lack of organic matter.

c. More water furrows than necessary, allowing for too rapid water removal.

d. Much water escapes during the spring flooding of the streams.

Remedy - a. Reforestation along the streams, at the headwaters, and along the top of the escarpment.

b. The erection of small dams and the digging of ponds to retard and hold flood water in the spring.

c. The use of more green-manure and cover crops.

## 3. Fertility loss.

Causes - a. Too deep and too much cultivation. Not only are we losing moisture and organic matter but we are degrading the soil structure.

b. Many soils are impervious to moisture because of the lack of organic matter, poor soil structure and very frequently because of a plowsole condition.

c. Insufficient precipitation, particularly during the summer months.

d. The removal of organic materials such as manure, hay, and straw from the area above the escarpment.

Remedy - a. Less frequent and more shallow cultivation and plowing.

b. An irrigation project for the fruitbelt to supplement the natural precipitation during the summer months. Water could be tapped from the streams flowing to Lake Erie, or pumping stations could be erected at intervals along the Lake Ontario shore from Niagara to Hamilton.

c. More water during the summer would increase the growth of green-manure crops and offset to a large extent the need for organic materials from elsewhere.

d. In some districts drainage projects should be encouraged to make usable water-logged soils.

e. Soil testing should be encouraged and the service should be broadened both in area covered and in type of analysis.

## 4. Reforestation.

Recommendation - a. In order to aid in restoration of stream flow, trees should be planted along creek banks, streams, the headwaters of streams, the edge of the escarpment and fence rows, and on sub-marginal land.

b. Lincoln County lacks recreational centres. A suitable tie-in with the reforestation program could provide such parks.

c. Woodlots, where established, should be protected against grazing and managed in accordance with proper forestry practices.

d. Indiscriminate removal of woodlots should be stopped.

## 5. Drainage

Recommendation - a. Large-scale drainage projects should be controlled, so that indiscriminate draining of swamp land and other areas could be planned for the good of all.

iceable that the average farmer will follow an example under his own conditions more quickly than those at some central point even though they might be the same).

b. Local example should be made of improvement in farm practice, new rotations, and improved farm crops.

In conclusion we would make the general recommendation that a Conservation Authority be established in Lincoln County, and that all such Authorities in Ontario be made responsible to a new Department comprising all those branches interested in conservation. We would further recommend that as soon as possible policies around Queenston and St. David's, land use, including marginal and sub-marginal land.

This brief has been prepared by a committee appointed at an open meeting called by the Lincoln County Federation of Agriculture for the purpose of discussing conservation within the County. The members of this committee were: H. A. Dawson, G. B. Hostetter, N.

Misener G. E. Nelson, and R. Van Haariem, Chairman.

The first dirigible trip around the world was made by the Graf Zeppelin in 1929.

## NEW DEVICE ON C.P.A. PLANES

Canadian Pacific pilots flying out of Montreal are now being trained in the use of a cross-wind landing gear which has been installed on one of the company's DC-3 passenger planes. With the device, the wheels swivel automatically, like the casters on an office chair, to enable the planes to land or take off without regard to wind direction. This will enable the plane to maintain scheduled operations using one-strip landing fields now being completed at Val d'Or and Rouyn-Noranda in a service connecting Montreal and Northwestern Quebec in which Canso amphibian planes are now being used. The photo above, which illustrates the device, shows the port wheel casted at a 15-degree angle with the starboard wheel in conventional fixed position. This is the first commercial plane in the world on which the device has been installed.

## CONTINUATIONS

From Page One

## BELL TEL. ASKS

In order to meet this unprecedented demand for service the company has continuously improved and enlarged its facilities. An addition to the Grimsby switchboard was completed in November, 1947, and construction of outside wire and cable has been carried out on a large scale in order to provide connections with the exchange for new subscribers.

This vast improvement program, which has resulted in the addition of 590 telephones in four years, has been successful in providing service for all applicants here, the manager said, but construction of outside wire and cable is expected to continue at a high level in order to keep pace with the demand.

Increases of 55 cents per month for two-party residence telephone service in Grimsby, and of 65 cents for residence individual lines are proposed in Bell Telephone's application for revised rates filed in Ottawa with the Board of Transport Commissioners for Canada, according to H. T. Stewart, the Company's Manager here.

The proposed increase for individual line business service is \$1.90 monthly, while the proposed rate for two-party business service is \$1.90 higher than at present.

It is intended that the proposed rates shall apply to all standard types of telephones supplied by the Company.

A comparison of present hand telephone rates for typical classes of service with proposed rates in Grimsby follows:

	Present	Proposed	Increase
Individual Line	\$ 2.60	\$ 3.25	.65
Two-party Line	2.20	2.75	.55
Rural Line	1.85	2.55	.70
Extension Telephone	.90	1.00	.10
BUSINESS			
Individual Line	3.60	5.50	1.90
Two-party Line	2.85	4.75	1.90
Rural Line	2.10	3.50	1.40
Extension Telephone	1.15	1.25	.10

Until hand telephones are available in quantity sufficient to supply all who desire them subscribers who presently have wall telephones will temporarily pay 35 cents less, and those having desk telephones 15 cents less per month.

**Long Distance Rates**  
It is proposed to increase the initial period charge for long distance calls by 5, 10, or 15 cents, depending on the distance involved and on whether station-to-station or person-to-person service is requested. Some person-to-person, night and Sunday calls would be increased by 20 or 25 cents. There are no increases for station-to-station calls between centres less than ten miles apart.

**OPTIMIST CLUB**  
Every man will have a job to do, and would be more vitally interested in his club's ideals and the extremely fine motto which Optimist Clubs are destined to serve—the boys of the community in which they serve.

The first year of Optimism in Grimsby has been for the most part very successful, and certainly the youth of Grimsby has benefited. But leaders of the Boys Work Committee are confident that starting this new season, a far more complete program of outside areas can be carried out.

Dinner meetings held at the Village Inn will continue to be held on the first Thursday of the month, however, the second meeting will be held on the fourth Wednesday of the month. This change

tion, Mr. Griffith has made a remarkable climb in his chosen profession.

He is leaving his church at Grimsby with its seven hundred members, where he has been for the past two and a half years, to take over a congregation numbering 1,600 members.

"I never had a thought of taking a job like this—not for seven or eight years," he told the Evening Citizen. "I am tremendously impressed with coming to Ottawa and am looking forward to it very much."

"I think these people will be taking a chance on my immaturity," he said, "but I will give them the best I can and we shall see what happens."

The new minister paid tribute to Dr. Woodside.

Mr. Griffith's parents were professional opera singers with the J. W. Turner Opera Company in England and as such moved about the country. "They made one-week stands and I was always on the move," he said.

Born in Lancashire, a northern county in England, Mr. Griffith began his education at Wesley College in Dublin, Ireland. He came to Canada with his parents in 1929 and settled in Brockville.

He attended the Brockville Collegiate Institute and in '39 entered McGill University from where he graduated in 1942. He graduated from the United Theological College in Montreal in 1945 and was ordained into the ministry at the Montreal-Ottawa Conference of the United Church on June 6, 1945.

He was married in 1947 to Merle Clifford, a native of Montreal. His wife graduated from McGill University in Science in 1945 and in Physical Education in 1946. She was president of the McGill Women's Student Athletic Association and the McGill Women's Union. She taught physical education for the Montreal School Board in 1946 and 1947.

She is active now as a speaker at women's groups and is noted for her work among teen age girls.

**HISTORICAL SOCIETY**  
printer's hands at the beginning of the year. It will cover the affairs of The Forty up to the close of the War of 1812-14.

Mr. and Mrs. T. G. Wilson of Tweed visited with the former's sister, Mrs. J. J. Graham and Mr. Graham, John St., for a few days last week.

J. Percy Robertson, of Detroit, a former Grimsby merchant, now in the real estate business in the Motor City, renewed old acquaintances in town last week. This year Union Lodge No. 7, A.F. & A.M., will celebrate its 180th anniversary. "J. P." was Worshipful Master of the lodge in 1924 when the 125th anniversary was celebrated.

## CARD OF THANKS

My grateful Thank You to the anonymous finder of my brooch who returned it in such splendid condition.

I wish also to express my thanks to The Independent for inserting the advertisement which brought my brooch back to me.

THANKS

## LORE

The monthly business meeting of the Grimsby Branch of the Lore Society was held on Monday evening, October 24th, at the home of Mrs. Norman Chis in the Grimsby Hotel. The meeting was presided over by Mrs. Chis and the minutes of the previous meeting were read and approved. A report was given by Mrs. Chis on the work of the society since the last meeting. The report was well received and the members expressed their appreciation of the work done. The meeting closed with a prayer by Mrs. Chis.

## GREEN TREES GUESTS

Recent guests at Green Trees were:

Mr. and Mrs. H. Steeg, Grasse Isle, Mich. Mr. and Mrs. Carl Zweerbeen, Sr., Cleveland, O. Mr. and Mrs. Philip Nelson, Manchester, Conn. Miss Effie Taylor, New Haven, Conn.

Mrs. Anna D. McCaskey, Rochester, Pa. Mrs. Chas. Beiridie, Jeanette, Pa. Mr. and Mrs. Robert Javens, Beaver, Pa.

Mr. and Mrs. Terry Carson, Newcastle, Pa. Mr. and Mrs. Herbert B. Wader, Cleveland, O. Mr. and Mrs. T. A. McElhaney, Ottawa, Ont.

## COMING EVENTS

St. Joseph's Altar Society are holding a Bridge at the Village Inn, Monday, October 24th, at 8:30. Refreshments. Tickets, 50 cents, for sale by members.

W. C. T. U. Regular Meeting, Thursday, October 27, 8 p.m., at the home of Mrs. Spencer Merritt, 12 Kingway. Important Business. Bring your friends.

COMING:—Wed., Nov. 9th, in High School Auditorium, 8 p.m.—Parade of Genuine OLD-TIME COSTUMES, modelled by Grimsby people. Narrator, Mrs. R. McIntyre, Winona. Auspices GRIMSBY HISTORICAL SOCIETY.

## ST. JOHN'S W.M.S.

The October meeting of the Women's Missionary Society of St. John's Presbyterian Church was held at the home of Mrs. J. E. Dick, Livingston Avenue, on Thursday afternoon, with a good attendance of members and friends.

Mrs. W. E. Burke presided and outlined plans for the meetings for the balance of the year. The "Thank-Offering" meeting will be held in November, and a special speaker will address the meeting. Mrs. F. Reiss had charge of the topic, "Glad Tidings," and was assisted by Mrs. A. Stevenson and Mrs. W. E. Morris.

During the afternoon, Mrs. David Hunter, accompanied by Mrs. D. McIntosh sang a delightful solo. Mrs. James Dunham, the soloist, gave the financial report of the Auxiliary up to the present time.

At the close, the Social Committee assisted the hostess in serving lunch, and a social half-hour was enjoyed. Miss M. Phillips moved a vote of thanks to Mrs. Dick for opening her home for the meeting.

## NAVY BLUE FOR WINTER

By PRINELLA WOOD

The vogue for navy blue, come winter, is higher style than ever this season, with comparatively few exceptions, what is without doubt a top class in fashion.

Here we have a simple and eminently fashionable dressmaker model, navy blue hughes (which is a sort of mat surfaced, fine knit jersey) trimmed with contrasting surface, in the shade of matching navy satin. The satin is scalloped and laid in two tiers on the lower skirt, about a wide line and the blouse and for a collar. The belt is also satin. The hat is the popular beaver-like felt in soft mauve.—Gay Thorne.

## VINEMOUNT NEWS

(Too late for last week)  
Mr. and Mrs. Robertson and children spent the holiday week-end visiting in the north country and Mrs. Robertson Sr. returned home with them.

Mr. Tony Elliott accompanied his wife and little daughter, Susan, to New York City when Mrs. Elliott sailed Thursday night on the Queen Elizabeth for Plymouth, England, to visit her father and mother.

Mrs. James Morrison, Ridge Road, East died on Saturday at her home and was buried from her son William's home on Monday afternoon. Neighbours and friends wish to express sincere sympathy to Mr. Morrison and family.

Miss Audrey "Gladon" left Friday night via C.P.R. for New York to visit her Aunt Miss Myrtle Harper, New York City. She will return Tuesday morning.

Mr. and Mrs. C. A. Gladon motored to Kincardine over the holiday weekend, also visiting relatives and friends in Mitchell and Godrich.

## WOMEN'S INSTITUTE

The October meeting of Grimsby Women's Institute was held in the Legion Hall with the president, Mrs. Wm. Layton in the chair. The meeting opened with the Institute ode and prayer.

The annual donation of \$25.00 toward the upkeep of the Institute rooms in Niagara Peninsula Sanatorium was forwarded, also the annual donation of \$25.00 to the V.O.N.

The twenty-third Annual Convention of Hamilton Area Women's Institutes is being held in the Royal Connaught Hotel this week. Mrs. Al Connaught, District president, will represent the County and is on the reception committee. Mrs. Robert Neale, secretary, was appointed a delegate from Grimsby Branch.

Mrs. Layton, convener of the musical program, gave a very interesting talk on songs and their

## HOMEMAKER'S CORNER

by Evelyn Ridge

Dear Homemakers:

I know of a little girl who has among her play things a small kitchen cabinet, and her mother keeps it well stocked with a certain number of staples—a small loaf of whole wheat bread, a small jar of butter, and one of brown sugar, a little peanut butter, cookies which she cut especially to fit the cake box, and tiny glasses of jelly, jam and marmalade which she fills when she is making a supply for the family. When a little friend is entertained after school, the young hostess delights in preparing her own sandwiches from these materials. In this way she learns some of the responsibilities and pleasures of hospitality as well as acquiring experience in housewifery, and the mother does not have to lay aside her work when the hungry call comes. When removing the cores from halves of pears and apples a grapefruit knife is an efficient tool. It does the work easily and makes the fruit look when cooked, like a professional product.

Stuffed Doughnuts are a necessity for lunch or afternoon tea. To make them roll doughnut dough about a quarter of an inch thick and cut in pieces. Wrap each around a stoned date which has been stuffed with a nut meat. Fry in deep oil until a golden brown. Drain and roll in sugar. Eggs poached in cream of tomato soup and served on toast with some of the soup as sauce makes a delicious dinner for lunch or supper and makes an interesting variation for the family's tray.

To make Bread Pudding more interesting scatter a few pieces of nut pineapple on top. After it is baked, cover with marshmallows and return to the oven to brown the marshmallows. Serve with the juice from the pineapple.

Word of one mother who had made a hard time to get her two children to eat rice pudding. One day, being low on sugar, she put honey in the pudding instead. The result was that they cleaned up the entire pudding, then felt sorry that there was no more.

A delicious cake filling, and one that is very nutritious too, can be made by placing an unopened can of sweetened condensed milk (not evaporated), in boiling water to cover and boiling steadily for two hours. Result—a caramel frosting all ready to spread on the cake.

Whetstone beating is required, change the level of the bowl, then the stone on the arm is lifted.

Nutmeg as a flavoring for cocoa adds a pleasant surprise and makes a very acceptable change. A few rains of rice put in the salt shaker will make the salt flow freely and not become lumpy or caked.

Here is a recipe for "Stewed Steak with Macaroni."

1 1/2 pounds round steak, 2 tbsps. flour, 2 tbsps. butter, 1 tsp. catsup, 1 lb. macaroni, pepper and salt.

Cut the meat in small pieces. Roll in flour and brown in butter. Cover with hot water and allow to simmer slowly 1 1/2 hours. Add the macaroni which has been previously cooked and cook altogether a while longer. Season with pepper and salt and catsup. Cook for another 10 minutes. Serve on hot dish with meat in the middle and macaroni around.

Did you ever make Sausage in Potatoes?

Pare medium sized potatoes. Make a hole in the centre of each with an apple corer, and place in it a casing sausage, or fill the cavity with sausage meat. Place in a greased

and baking pan, and bake until soft in a hot oven, basting occasionally with the fat from the sausage.

## Scalloped Beef

Chop the remains of Corned Beef or any left-over meat. Put in greased pan. Moisten with gravy and a tsp. of Worcester sauce. Spread over the top a thick layer of mashed potatoes softened by 1/2 cup milk, 1 beaten egg, and 1 tsp. melted butter. Bake covered for 20 minutes and then brown. A good way to use up left-over ham is to cut up all odd pieces, put in a pan with very little water and butter. When heated, break in some eggs and stir till the eggs are cooked.

In closing, I shall give you my recipe for quick plain Muffins:

1/2 cup butter, 1/2 cup milk (scant), one-third cup sugar, 1 1/2 cups flour, 1 egg, 2 1/2 tbsps. baking powder. Cream butter, add sugar and well beaten egg. Sift baking powder and flour. Add to first mixture alternately with milk. Bake in greased muffin tins 20 to 25 minutes in hot oven. This makes 8 or 9 large muffins.

Bees have four wings.

## "Green Trees" GIFT HOUSE

### GREETINGS!

Yes! It's "Green Trees"

Again reminding you that

Christmas will be here before

you'll realize it. We have recently

returned from a buying trip and we

consider we have bought some very unusual gifts from our own Provinces and other Countries at the right prices. There is never any rush and bustle at "GREEN TREES" so that one may shop at leisure and we are open in the evenings for your convenience.

This year we have added a Children's Corner, and we are amazed at the popularity of this department. We specialize in hand

smocked dresses and hand knitted

garments from infants to eight

years, as well as sensible

overalls, etc. Come any

time it's convenient and

bring your friends,

we're always

here.

Cheerio until

we see you.

Fine old Victorian firescreen in petit point, was \$60.00, now \$40.00. . . . Victorian sewing cabinet, was \$50.00, now \$35.00.

We have several whatnot cabinets, a beautiful burl walnut sideboard, a solid walnut washstand, heavy bronze handles, a lovely old walnut side table, and several other articles of antique furniture.

**The Spinning Wheel**

200 MAIN ST. WEST

GRIMSBY

Mr. and Mrs. Allan Shoemith, Hamilton spent Sunday with Mrs. G. A. Hildreth.

**BEACH W.I.**

The meeting of the Women's Institute was held at the home of Mrs. W. H. Betts.

It was decided to hold a quilting bee at the home of Mrs. G. Rouse, Nov. 2nd. A pot luck dinner to be served.

Mrs. J. Rawcliffe gave a very interesting paper on Home Economics which was enjoyed by all.

Mrs. M. Udell offered her home for the next meeting, Nov. 10th. The meeting closed with the Benediction.

Lunch was served by the hostess assisted by Mrs. Rawcliffe.

**BEACH WOLF CUBS**

On Thursday afternoon the Grimsby Beach Wolf Cub Pack den was a real beehive of activity as the Cubs finished decorating their Apple Day baskets. Out of the welter of scissors, crayons, gay paper, pictures, paste and boys' ideas emerged the handsomely decorated baskets the Cubs used on Saturday.

Apple Day was a grand success, and the Cubs say "Thank You" to all Beach residents who so generously contributed to their organization.

Peter Crich, Harold Spence and Victor Bakker, who were invested at Thursday's meeting, were three happy boys as Akela adjusted their brand new neckerchiefs and caps, judging by the size of their grin. Peter got his ball throwing, to complete his 1st Star "Exercise," and there did his skipping much to everyone's delight. Bruce Nelson also completed his Exercises by getting his ball throwing and catching down pat.

Good hunting, Cubs!

**TAPLEYTOWN BRIEFS**

A miscellaneous shower was held in the Woodburn Hall for Mr. and Mrs. Karl Ross (formerly Miss Stella Krick). Mr. Victor Bows-laugh was chairman. Those contributing to the program were: Evelyn and Muriel Krick, Gale and Sharon Reynolds, Miss Pearl Krick, Mrs. George Reynolds, Donna Watt, Margaret Thomas, Lyle Tweedle and Bobby Furry. Lunch was served by the members of the Young People's Union of the Tapleytown United Church.

The members of the Tapleytown United Church Y.P.U. held their regular meeting at the home of Earle and Ruby Krick. The president LaVerne Tweedle conducted the business session. Miss Alice Tweedle, convener of "Fellowship", was assisted by Garnet Travis, Ruby Krick, and Bette Thomas. Refreshments were served by Mrs. Leslie Krick, Mrs. Karl Ross, and Miss Ruby Krick.

Any time that dignitaries or people of note visit the Great Grimsby Fruit Belt you can depend upon it that Mayor Clarence W. Lewis and Miss Peggy O'Neill of The Village Inn will be on hand to greet them and give them a welcome to our famous district. In the above photo you will observe that "Our Mayor" is handing a Golden Key to the Town of Grimsby, to George Formby, the famous English comedian, upon the occasion 10 days ago of a midnight dinner tendered to him by the Theatrical Association of Hamilton, at The Village Inn. From right to left in the picture was Miss Peggy O'Neill, Mayor Lewis, George Formby and Mrs. Formby.—Photo by Robert Alldrick.

(By Analdi)

**Club News**

The Dramatic Club at its organization meeting on Wednesday, October 12, elected the following officers: Allen Bentley, chairman; Mary Shuwa, secretary-treasurer; Margaret Guthman, reporter. There will be fewer meetings of the club this year. Members hope to see a play at McMaster sometime in the next few months. Competitions will be held between 1st, 2nd, 3rd, and 4th forms and the best play chosen.

The History Club did not meet last week. A hike had been planned for Wednesday after school but the plans were cancelled, due to rain.

**Social Activities**

The Autumn was officially welcomed in last Friday at the dance, appropriately named "The Fall Fair." The auditorium was decked with a display of rich fall colours, made up mainly of leaves. A bingo dance, started by Philip Fogacher and Sandra Rogers, got things under way. Cakes and chocolate bars were sold during the evening. The variety dances were won by Leslie Harrison and Allen Baisley, Lois Taylor and Pete Wade. Many thanks to the executive for making this enjoyable dance possible.

**Student Profile**

The "Student Profile" from Grade 10A is none other than Douglas Harold Kelterborn. Doug was born in Hamilton about fifteen and a half years ago but has lived most of the time since then in Grimsby. Before entering G. H. S., he attended Grimsby Public School. When asked what he thought about high school, he said that he thought it was okay, in fact it was swell. His favourite sport is basketball, but hockey rates a close second. Doug hopes to become a doctor someday, but right now is quite interested in television. To the usual question of favourite food, Doug

could give no definite answer, for he likes food in general.

Be sure to read the column next week to find out Grace 10B's personality of the week.

**Sport News**

The two rugby games played at G. H. S. on Tuesday, October 11, resulted in two victories for Grimsby. The first game — G. H. S. Juniors versus Burlington Juniors — ended with a score of 7-6 for Grimsby. The midget game following resulted in an 11-5 win for Grimsby.

The first quarter of the Grimsby - Oakville game on Friday, October 14, was opened with a kickoff by Kapusty. Two Oakville penalties were given because of offside passes. There was no score in the first quarter. Howard Walters was forced to leave the game because of an injured leg.

In the second quarter Kapusty began, scoring for Grimsby with a rouse. This was followed up with an Oakville touchdown gained by Pete Sutton. A successful convert set the score 6-1 for Oakville. Good tackling by Grimsby prevented further scoring in the second quarter. Jim Lawson was knocked unconscious in a headlong charge but returned to the game in the fourth quarter.

At the beginning of the third quarter, Heilig, of Oakville, scored a touchdown. A convert gained by Kapusty of G. H. S. resulted in a score of 12-2.

Both teams failed to score in the fourth quarter.

Features of the game were: good tackling by Kapusty, Simmons, Glanville, Lawson; fumbling and incomplete passes by both teams; six penalties by Oakville; good gain and karage by Butkovich, Lawson and Kapusty.

The games have taken on added vigour and interest because of G. H. S.'s comely cheerleaders. Dressed in traditional cheerleader costumes in G. H. S. colours, they inspired the team to do or die last week, and the onlookers burst their lungs. We liked their snappy formations and their victory song. If G. H. S. morale doesn't reach a new high it will not be the fault of Ruth Clark, Donna Marsh, Donna Rahn, Marie Shier, Mary Manning, Gail Morton and Ellen York. Here's cheering for you girls!

This week some 124 students are all agog over plans to attend the red feather football game in Maple Leaf Stadium in Toronto, on Friday night. Grimsby's contributing

three bus loads to the cavalcade of 25 buses going from Hamilton and district. Proceeds go to the Community chest. This project is sponsored by the T. Eaton Company and the Toronto Telegram.

**Our Joke**

A three-year old and his father were being pushed toward the rear of the rapidly-filling elevator. A kindly woman turned to the dad and said, "Aren't you afraid your little boy will be squashed?" "Not a chance, lady," answered the father, "He bites."

**LIONS CLUB**

The Grimsby Lions met at the Village Inn on Tuesday evening for their regular dinner meeting with a fairly good attendance on hand to hear reports from

President Earl Marsh on the zone convention held in Hamilton this past spring. Interesting views were given by Earl Marsh, P. V. Smith, Walter Rushak, Bob Johnson and Aub Crich of the recent New York convention of Lions International where Walter Fisher of Queenston was installed as International President.

**BOY SCOUTS**

Five members of the Wolf Cub Pack were received into the Boy Scout Troop on Friday evening during a Going-Up Ceremony.

The chairman of the Group Committee Mr. G. Nelles and Mr. D. Cope-land judged the Apple Day baskets of the troop and winners were declared as follows: 1st Jon Hand, 2nd Barry Bourne, 3rd John Gillespie, with Murray Shaw gaining a prize for the most unusual one.

Apple Day was a great success and the 1st Grimsby Group wish to thank the citizens of Grimsby and surrounding district for their generosity. The funds will

**WOLF CUB PACK****"A" PACK**

Lynn Lambert received his Third Year Service Star from the Chairman of the Group Committee, Mr. G. Nelles and Larry MacPhail was presented with his House Orderly badge by the new leader of A Pack, Mr. L. Theal.

Charles Bivand passed his knotting test while Graeme McIntosh and Jack Fisher passed their First Aid tests.

Results of the Apple Day basket judging were: 1st Larry MacPhail, 2nd Bruce Smith, and 3rd Bob Globe.

**"B" PACK**

It was this group that presented five Cubs for the Going-Up Ceremony on Friday evening.

Dale Halls was invested as a Wolf Cub and led to his place in the Parade Circle about the Totem Pole by Sixer Jerry Blaine.

Results of Apple Day basket judging were: 1st Jim Brown, 2nd Peter Harris, and 3rd Ernest Hipwell.

The best collection was turned in by Derry Halls with Andy Kushko coming second.

To the People of West Lincoln County—in and around Jordan, Vineland, Beamsville, Grimsby, Winona and Smithville.

Dear People,

The new West Lincoln Memorial Hospital will be officially opened by the Warden of the County of Lincoln on the 23rd of October, 1949, at the hour of 3.00 p.m. daylight saving time. The President and Directors hereby extend to you a cordial invitation to be present.

Doors will be open to the Public for inspection from two o'clock onward.

Very truly yours,

(signed) A. R. Globe, President.

**SURGERY TO TRY TO RESTORE BEAUTY**

Clarice Rawlins, 17, lies in a hospital at St. Augustine, Fla., her mind a blank, her once-beautiful face flattened, its bones broken in an automobile crash that killed two sailor escorts, seriously injured her sister, Margaret, and her friend, Patricia Stella. Before the crash, Clarice looked as she did at left when she won beauty contests. Plastic surgeons will try to restore that face at the Union Memorial hospital in Baltimore. Clarice has been flown to Baltimore in a plane donated by a grocery chain. Funds for the operation were provided by fellow-citizens of St. Augustine.

J. Percy Robertson, of Detroit, a former Grimsby merchant, now in the real estate business in the Motor City, renewed old acquaintances in town last week. This year Union Lodge No. 7, A.F. & A.M., will celebrate its 150th anniversary. "J. P." was Worshipful Master of the lodge in 1924 when the 125th anniversary was celebrated.

## CARD OF THANKS

My grateful Thank You to the anonymous finder of my brooch who returned it in such splendid condition.

I wish also to express my thanks to The Independent for inserting the advertisement which brought my lost brooch back to me.

Phoebe Liddle

## I.O.D.E.

The monthly business meeting of Lincoln Loyalist Chapter I. O. D. E. will be held in the High School Library on Monday evening, October 24th, at 7:30 sharp. Will the members please remember to bring a donation for our Food boxes for Britain. Mrs. Norman Cole is to give a Floral Demonstration on "Mums" in the Auditorium at 8:15. Visitors will be welcomed to this demonstration.

## GREEN TREES GUESTS

Recent guests at Green Trees were: Mr. and Mrs. H. Steeg, Grasse Isle, Mich. Mr. and Mrs. Carl Zwerbein, Sr., Cleveland, O. Mr. and Mrs. Philip Nelson, Manchester, Conn. Miss Effie Taylor, New Haven, Conn. Mrs. Anna D. McCaskey, Rochester, Pa. Mrs. Chas. Belradirfe, Jeanette, Pa. Mr. and Mrs. Robert Javens, Beaver, Pa. Mr. and Mrs. Terry Carson, Newcastle, Pa. Mr. and Mrs. Herbert B. Wader, Cleveland, O. Mr. and Mrs. T. A. McElhanney, Ottawa, Ont.

## COMING EVENTS

St. Joseph's Altar Society are holding a Bridge at the Village Inn, Monday, October 24th, at 8:30. Refreshments. Tickets, 50 cents, for sale by members.  
W. C. T. U. Regular Meeting, Thursday, October 27, 3 p.m., at the home of Mrs. Spencer Merritt, 12 Kingsway. Important Business. Bring your friends.  
COMING!—Wed., Nov. 9th, in High School Auditorium, 8 p.m.—Parade of Genuine OLD-TIME COSTUMES, modelled by Grimsby people. Narrator, Mrs. R. McIntyre, Winona. Auspices GRIMSBY HISTORICAL SOCIETY.

## ST. JOHN'S W.M.S.

The October meeting of the Women's Missionary Society of St. John's Presbyterian Church was held at the home of Mrs. J. H. Dick, Livingston Avenue, on Thursday afternoon, with a good attendance of members and friends.  
Mrs. W. E. Burke presided and outlined plans for the meetings for the balance of the year. The Thank-Offering meeting will be held in November, and a special speaker will address the meeting.  
Mrs. F. Reiss had charge of the topic, "Glad Tidings," and was assisted by Mrs. A. Stevenson and Mrs. W. H. Morris.  
During the afternoon, Mrs. David Hunter, accompanied by Mrs. D. McIntosh sang a delightful solo. Mrs. James Dunham, the treasurer, gave the financial report of the Auxiliary up to the present time.  
At the close, the Social Committee assisted the hostess in serving lunch, and a social half-hour was enjoyed. Miss M. Phillips moved a vote of thanks to Mrs. Dick for opening her home for the meeting.

## NAVY BLUE FOR WINTER

By PRUNELLA WOOD

The vogue for navy blue, come winter, is higher style than ever this season with comparatively few entries in what is without doubt a top class in fashion.

Here we have a simple and unmistakably fashionable dressmaker model, navy blue bagheera (which is a sort of mat surfaced, fine knit jersey) trimmed with contrasting surface in the shine of matching navy satin. The satin is scalloped and laid in two tiers or the lower skirt sides, about a yoke line of the blouse and for a collar. The belt is also satin. The hat is the popular beaver-like felt in soft mauve.—Jay Thorpe.

## VINEMOUNT NEWS

(Too late for last week)  
Mr. and Mrs. Robertson and children spent the holiday week-end visiting in the north country and Mr. Robertson Sr. returned home with them.

Mr. Tony Elliott accompanied his wife and little daughter, Sue-Ann to New York city when Mrs. Elliott sailed Thursday night on the Queen Elizabeth for Plymouth, England, to visit her father and mother.

Mrs. James Morrison, Ridge Road, East died on Saturday at her home and was buried from her son William's home on Monday afternoon. Neighbours and friends wish to express sincere sympathy to Mr. Morrison and family.

Miss Audrey Gliddon left Friday night via CPR for New York to visit her Aunt Miss Iryta Harper, New York City. She will return Tuesday morning.

Mr. and Mrs. G. A. Gliddon motored to Kincardine over the holiday weekend, also visiting relatives and friends in Mitchell and Goderich.

## WOMEN'S INSTITUTE

The October meeting of Grimsby Women's Institute was held in the Legion Hall with the president, Mrs. Wm. Layton in the chair. The meeting opened with the Institute ode and prayer.

The annual donation of \$25.00 toward the upkeep of the Institute rooms in Niagara Peninsula Sanatorium was forwarded, also the annual donation of \$1.00 to the V.O.N.

The twenty-third Annual Convention of Hamilton Area Women's Institutes is being held in the Royal Connaught Hotel this week. Mrs. George F. Warner, District president, will represent the County, and is on the reception committee. Mrs. Robert Neale, secretary, was appointed a delegate from Grimsby Branch.

Mrs. Layton, convener of the musical program, gave very interesting talk on song and their

## HOMEMAKER'S CORNER

by Evelyn Budge

Dear Homemakers:

I know of a little girl who has among her play things a small kitchen cabinet, and her mother keeps it well stocked with a certain number of staples—a small loaf of whole wheat bread, a small jar of butter, and one of brown sugar, a little peanut butter, cookies which she cut especially to fit the cake box, and tiny glasses of jelly, jam and marmalade which she fills when she is making a supply for the family. When a little friend is entertained after school, the young hostess delights in preparing her own sandwiches from these materials. In this way she learns some of the responsibilities and pleasures of hospitality as well as acquiring experience in housewifery, and the mother does not have to lay aside her work when the hungry call comes. When removing the cores from halves of pears and apples a grapefruit knife is an efficient tool. It does the work easily and makes the fruit look when cooked, like a professional product.

Date Stuffed Doughnuts are a novelty for lunch or afternoon tea. To make them roll doughnut dough about a quarter of an inch thick and cut in pieces. Wrap each around a stoned date which has been stuffed with a nut meat. Fry in deep fat until a golden brown. Drain and roll in sugar. Eggs poached in cream of tomato soup and served on toast with some of the soup as sauce makes a delicious main dish for lunch or supper and makes an interesting variation for the invalid's tray.

To make Bread Pudding more interesting, scatter a few pieces of cut pineapple on top. After it is baked, cover with marshmallows and return to the oven to brown the marshmallows. Serve with the juice from the pineapple.  
I heard of one mother who had quite a hard time to get her two kiddies to eat rice pudding. One day, being low on sugar, she put honey in the pudding instead. The result was that they cleaned up the entire pudding, then felt sorry that there was no more.

A delicious cake filling, and one that is very nutritious too, can be made by placing an unopened can of sweetened condensed milk (not evaporated), in boiling water to cover and boiling steadily for two hours. Result—a caramel frosting all ready to spread on the cake.

When steady beating is required, change the level of the bowl, then the strain on the arm is lifted.

Nutmeg as a flavoring for cocoa adds an element of surprise and makes a very acceptable change.

A few grains of rice put in the salt shaker will make the salt flow freely and not become lumpy or caked.

Here is a recipe for "Stewed Steak with Macaroni."  
1½ pounds round steak, 2 tbsps. flour, 2 tbsps. butter, 1 tsp. catsup, ¼ lb. macaroni, pepper and salt.

Cut the meat in small pieces. Roll in flour and brown in butter. Cover it with hot water and allow to simmer slowly 1½ hours. Add the macaroni which has been previously cooked and cook altogether a while longer. Season with pepper and salt and catsup. Cook for another ten minutes. Serve on hot dish with meat in the middle and macaroni around.

Did you ever make:

Sausage in Potatoes?  
Pare medium sized potatoes. Make a hole in the centre of each with an apple corer, and place in a cased sausage, or fill the cavity with sausage meat. Place in a greased

baking pan, and bake until soft in a hot oven, basting occasionally with the fat from the sausage.

## Scalloped Beef

Chop the remains of Corned Beef or any left-over meat. Put in greased pan. Moisten with gravy and a tsp. of Worcester sauce. Spread over the top a thick layer of mashed potatoes softened by ¼ cup milk, 1 beaten egg, and 1 tsp. melted butter. Bake covered for 20 minutes and then brown. A good way to use up left-over ham is to cut up all odd pieces, put in a pan with very little water and butter. When heated, break in some eggs and stir till the eggs are cooked.

In closing, I shall give you my recipe for quick plain Muffins:

¼ cup butter, ¼ cup milk (scant), one-third cup sugar, 1½ cups flour, 1 egg, 2½ tbsps. baking powder. Cream butter, add sugar and well beaten egg. Sift baking powder and flour. Add to first mixture alternately with milk. Bake in greased muffin tins 20 to 25 minutes in hot oven. This makes 8 or 9 large muffins.

Bees have four wings.

## "Green Trees"

### GIFT HOUSE

GREETINGS!

Yes! It's "Green Trees" Again reminding you that Christmas will be here before you'll realize it. We have recently returned from a buying trip and we consider we have bought some very unusual gifts from our own Provinces and other Countries at the right prices. There is never any rush and bustle at "GREEN TREES" so that one may shop at leisure and we are open in the evenings for your convenience.

This year we have added a Children's Corner, and we are amazed at the popularity of this department. We specialize in hand smocked dresses and hand knitted garments from infants to eight

years, as well as sensible overalls, etc. Come any time it's convenient and bring your friends, we're always here.

Cheerio until we see you.

## THE GRIMSBY INDEPENDENT

## GRIMSBY MAYOR HONORS ENGLISH GUESTS

Any time that dignitaries or people of note visit the Great Grimsby Fruit Belt you can depend upon it that Mayor Clarence W. Lewis and Miss Peggy O'Neil of The Village Inn will be on hand to greet them and give them a welcome to our famous district. In the above photo you will observe that "Our Mayor" is handing a Golden Key to the Town of Grimsby.

to George Formby, the famous English comedian, upon the occasion 10 days ago of a midnight dinner tendered to him by the Theatrical Association of Hamilton, at The Village Inn. From right to left in the picture was Miss Peggy O'Neil, Mayor Lewis, George Formby and Mrs. Formby.—Photo by Robert Aldrick.

## GOINGS — COMINGS — DOINGS

# Grimsby Beach

MISS MAY CRITTENDEN,  
Resident Staff Correspondent.

Telephone Your News Items To Her.

All his friends wish a speedy recovery to Mr. Ken Nelson, who is in St. Joseph's Hospital, Hamilton.

Mr. and Mrs. W. G. Belfry returned on Saturday from a holiday trip through the Southern States.

Mr. and Mrs. Geo. Eckstein with their son Donald, spent last week with Mr. and Mrs. W. Furniss Clarke, Park Road.

Mrs. J. Pearson and Mrs. J. Purvis have closed their cottage and returned to their home in Toronto.

Mrs. Jack Green and son John spent the past week with Mrs. Green's parents, Mr. and Mrs. Jas. Gillespie of Park Road.

Mrs. Jack Hildreth, Gordon and Linda returned on Thursday from England where they visited Mrs. Hildreth's mother and other relatives. Mr. and Mrs. Hildreth and family are spending this week with the former's mother, Mrs. G. A. Hildreth, Rose Ave.

"Solid Comfort", the home of Mr. and Mrs. E. N. Comfort, was the mecca of a get-together of old friends of lifelong standing. Arriving Friday evening were Mr. and Mrs. H. Mallock, Williamsville, N.Y.; Mr. and Mrs. R. C. McPherson, Elma, N.Y. Saturday morning arrivals were Mr. and Mrs. O. A. McPherson, Dunnville, Mr. and Mrs. J. O. Moore, Grimsby, Mrs. Ruth Moore, St. Anna, Mrs. O. Lounsbury, Smithville, and son Keith, Sarnia, Mr. G. W. Putman, St. Anna. On Sunday, Mr. and Mrs. Joe Wright (newly weds) on their return from a motor trip to West Virginia to their home in Sarnia.

## The Spinning Wheel

GRIMSBY  
200 MAIN ST. WEST

Mr. and Mrs. Allan Shoemith, Hamilton spent Sunday with Mrs. G. A. Hildreth.

### BEACH W.I.

The meeting of the Women's Institute was held at the home of Mrs. W. H. Betts.

It was decided to hold a quilting bee at the home of Mrs. G. Rouse, Nov. 2nd. A pot luck dinner to be served.

Mrs. J. Rawcliffe gave a very interesting paper on Home Economics which was enjoyed by all.

Mrs. M. Udell offered her home for the next meeting, Nov. 10th.

The meeting closed with the Benediction.

Lunch was served by the hostess assisted by Mrs. Rawcliffe.

### BEACH WOLF CUBS

On Thursday afternoon the Grimsby Beach Wolf Cub Pack den was a real beehive of activity as the Cubs finished decorating their Apple Day baskets. Out of the welter of scissors, crayons, gay paper, pictures, paste and boys' ideas emerged the handsomely decorated baskets the Cubs used on Saturday.

Apple Day was a grand success, and the Cubs say "Thank You" to all Beach residents who so generously contributed to their organization.

Peter Crich, Harold Spence and Victor Bakker, who were invested at Thursday's meeting, were three happy boys as Akela adjusted their brand new neckerchiefs and caps, judging by the size of their grins. Peter got his ball throwing, to complete his 1st Star "Exercise," and there did his skipping much to everyone's delight. Bruce Nelson also completed his Exercises by getting his ball throwing and catching down pat.

Good hunting, Cubs!

### TAPLEYTOWN BRIEFS

A miscellaneous shower was held in the Woodburn Hall for Mr. and Mrs. Karl Ross (formerly Miss Stella Krick). Mr. Victor Bowas was chairman. Those contributing to the program were: Evelyn and Muriel Krick, Gale and Sharon Reynolds, Miss Pearl Krick, Mrs. George Reynolds, Donna Watt, Margaret Thomas, Lyle Tweedie and Bobby Furry. Lunch was served by the members of the Young People's Union of the Tapleytown United Church.

The members of the Tapleytown United Church Y.P.U. held their regular meeting at the home of Earle and Ruby Krick. The president LaVerne Tweedie conducted the business session. Miss Alice Tweedie, convener of "Fellowship," was assisted by Garnet Travis, Ruby Krick, and Bette Thomas. Refreshments were served by Mrs. Leslie Krick, Mrs. Karl Ross, and Miss Ruby Krick.

(By Analdi)

### Club News

The Dramatic Club at its organization meeting on Wednesday, October 12, elected the following officers: Allen Bentley, chairman; Mary Shuwa, secretary-treasurer; Margaret Guthman, reporter. There will be fewer meetings of the club this year. Members hope to see a play at McMaster sometime in the next few months. Competitions will be held between 1st, 2nd, 3rd, and 4th forms and the best play chosen.

The History Club did not meet last week. A hike had been planned for Wednesday after school but the plans were cancelled, due to rain.

### Social Activities

The Autumn was officially welcomed in last Friday at the dance, appropriately named "The Fall Fair." The auditorium was decked with a display of rich fall colours, made up mainly of leaves. A bingo dance, started by Philip Pogacher and Sandra Rogers, got things under way. Cakes and chocolate bars were sold during the evening. The variety dances were won by Leslie Harrison and Allen Baisley, Lois Taylor and Pete Wade. Many thanks to the executive for making this enjoyable dance possible.

### Student Profile

The "Student Profile" from Grade 10A is none other than Douglas Harold Kelterborn. Doug was born in Hamilton about fifteen and a half years ago but has lived most of the time since then in Grimsby. Before entering G. H. S., he attended Grimsby Public School. When asked what he thought about high school, he said that he thought it was okay, in fact it was swell. His favourite sport is basketball, but hockey rates a close second. Doug hopes to become a doctor someday, but right now is quite interested in television. To the usual question of favourite food, Doug

could give no definite answer, for he likes food in general.

Be sure to read the column next week to find out Grade 10B's personality of the week.

### Sport News

The two rugby games played at G. H. S. on Tuesday, October 11, resulted in two victories for Grimsby. The first game — G. H. S. Juniors versus Burlington Juniors — ended with a score of 7-4 for Grimsby. The midweek game following resulted in an 11-5 win for Grimsby.

The first quarter of the Grimsby - Oakville game on Friday, October 14, was opened with a kickoff by Kapusty. Two Oakville penalties were given because of offside passes. There was no score in the first quarter. Howard Walters was forced to leave the game because of an injured leg.

In the second quarter Kapusty began, scoring for Grimsby with a rouse. This was followed up with an Oakville touchdown gained by Pete Sutton. A successful convert set the score 6-1 for Oakville. Good tackling by Grimsby prevented further scoring in the second quarter. Jim Lawson was knocked unconscious in a headlong charge but returned to the game in the fourth quarter.

At the beginning of the third quarter, Hellig, of Oakville, scored a touchdown. A convert gained by Kapusty of G. H. S. resulted in a score of 12-2.

Both teams failed to score in the fourth quarter.

Features of the game were: good tackling by Kapusty, Simmons, Glanville, Lawson; fumbling and incomplete passes by both teams; six penalties by Oakville; good gain and hardy by Butkovich, Lawson and Kapusty.

The games have taken on added vigour and interest because of G. H. S.'s comely cheerleaders. Dressed in traditional cheerleader costumes in G. H. S.'s colours, they inspired the teams to do or die last week, and the onlookers burst their lungs. We liked their snappy formations and their victory song. If G. H. S. morale doesn't reach a new high it will not be the fault of Ruth Clark, Donna Marsh, Donna Rahn, Marie Shafer, Mary Manning, Gail Morton and Ellen York. Here's cheering for you, girls!

This week some 124 students are all agog over plans to attend the red feather football games in Maple Leaf Stadium in Toronto, on Friday night. Grimsby is contributing

three bus loads to the cavalcade of 25 buses going from Hamilton and district. Proceeds go to the Community chest. This project is sponsored by the T. Eaton Company and the Toronto Telegram.

### Our Joke

A three-year old and his father were being pushed toward the rear of the rapidly-filling elevator. A kindly woman turned to the dad and said, "Aren't you afraid your little boy will be squashed?" "Not a chance, lady," answered the father, "He bites."

### LIONS CLUB

The Grimsby Lions met at the Village Inn on Tuesday evening for their regular dinner meeting with a fairly good attendance on hand to hear reports from

President Earl Marsh on the zone convention held in Hamilton this past spring. Interesting views were given by Earl Marsh, P. V. Smith, Walter Rushak, Bob Johnson and Aub Crich of the recent New York convention of Lions International where Walter Fisher of Queenston was installed as International President.

### BOY SCOUTS

Five members of the Wolf Cub Pack were received into the Boy Scout Troop on Friday evening during a Going-Up Ceremony.

The chairman of the Group Committee Mr. G. Nelles and Mr. D. Cope-land judged the Apple Day baskets of the troop and winners were declared as follows: 1st Jon Hand, 2nd Barry Bourne, 3rd John Gillespie, with Murray Shaw gaining a prize for the most unusual one.

Apple Day was a great success and the 1st Grimsby Group wish to thank the citizens of Grimsby and surrounding district for their generosity. The funds will

## WOLF CUB PACK

### "A" PACK

Lynn Lambert received his Third Year Service Star from the Chairman of the Group Committee, Mr. G. Nelles and Larry MacPhail was presented with his House Orderly badge by the new leader of A Pack, Mr. L. Theal.

Charles Bivard passed his knotting test while Graeme McIntosh and Jack Fisher passed their First Aid tests.

Results of the Apple Day basket judging were: 1st Larry MacPhail, 2nd Bruce Smith, and 3rd Bob Globe.

### "B" PACK

It was this group that presented five Cubs for the Going-Up Ceremony on Friday evening.

Dale Halls was invested as a Wolf Cub and led to his place in the Parade Circle about the Totem Pole by Sixer Jerry Blaine.

Results of Apple Day basket judging were: 1st Jim Brown, 2nd Peter Harris, and 3rd Ernest Hipwell.

The best collection was turned in by Derry Halls with Andy Kushko coming second.

To the People of West Lincoln County—in and around Jordan, Vineland, Beamsville, Grimsby, Winona and Smithville.

Dear People,

The new West Lincoln Memorial Hospital will be officially opened by the Warden of the County of Lincoln on the 23rd of October, 1949, at the hour of 3.00 p.m. daylight saving time. The President and Directors hereby extend to you a cordial invitation to be present.

Doors will be open to the Public for inspection from two o'clock onward.

Very truly yours,

(signed) A. R. Globe, President.

### SURGERY TO TRY TO RESTORE BEAUTY

Clarice Rawlins, 17, lies in a hospital at St. Augustine, Fla., her mind a blank, her once-beautiful face flattened, its bones seen in an automobile crash that killed two sailor escorts, seriously injured her sister, Margaret, and her friend, Patricia Stalls. Before crash, Clarice looked as she did at left when she won beauty contests; surgeons looked at right when she won beauty contest; surgeons looked at right when she won beauty contest; surgeons looked at right when she won beauty contest. Clarice has been flown to Baltimore in a planed by a grocery chain. Funds for the operation were provided fellow-citizens of St. Augustine.

CONTACT MISS ISLAY WICKHAM

FOR COVERAGE OF NEWS, SUBSCRIPTIONS AND JOB PRINTING

### SOCIAL NEWS

Mrs. Lewis Puddicombe has re-  
turned home from a two weeks  
visit with her parents in Nanawau,  
Ontario.

Mrs. M. D. Glasco is home from  
the hospital, with her baby daugh-  
ter Margaret Victoria. Visiting for  
several weeks is Mrs. Donald Shaw  
of Pembroke, Ont.

Mrs. Alastair Smith will be in  
charge of a new nursery school for  
the pre-school children, of moth-  
ers attending St. John's Anglican  
Church. The group organized by  
Rev. Albert Ongley will begin on  
November 1st, when Mrs. Smith  
will be assisted by other mothers  
of the community. Started to aid  
those mothers who have small chil-  
dren and the subsequent problem of  
what to do with them when at-  
tending regular church services,  
the idea is expected to fill a much  
needed service, and will of course,  
be during the morning church ser-  
vice hours. Mrs. Smith is active in  
pre-school children's work, being  
Secretary of the Little Helpers, a  
church work for small children.

Rev. Albert Ongley has just re-  
turned from several days spent at  
Brantford and Sault Ste. Marie,  
where he has been conducting lec-  
tures on religion.

Out-of-town guest sat the Thom-  
as-Hill wedding at Winona were:  
Mr. and Mrs. William Harley and  
niece of Canton, Ohio; Mr. and  
Mrs. Arthur Hill, Mrs. George Hill,  
Mrs. J. Stringer, Mr. and Mrs. J.  
Auld, Mr. and Mrs. Thomas Harley,  
all of Canton, Ohio; Mr. and Mrs.  
Thomas Roach of Oshawa, Mrs.  
Roy Knall and son Roy, also of  
Oshawa, and many other guests  
from Hamilton and Toronto.

Miss Betty Johnson and Miss  
Audrey Costen will spend several  
days this weekend at Ottawa at-  
tending the Provincial Conference  
of the Anglican Young People's  
Association there.

Mr. and Mrs. Charles Cameron  
Tempest and children have re-  
turned to Winona after a vacation  
spent with Mrs. Tempest's parents  
in Detroit, Michigan.

Miss Helen Smith was presented  
with the gift of two lovely cups  
and saucers by the staff of the Bell  
Telephone Company on the occasion  
of her leaving the office for trans-  
fer to Hamilton. Miss Smith will  
continue her work with the Bell  
Telephone Co. of Hamilton.

A large group of the A.Y.P.A.  
gathered at the home of Miss Ethel  
Johnson of Fruitland for a party,  
during which Miss Nancy Thomas  
was presented on behalf of the as-  
sociation with a bible and picture.

Plans were laid for a busy season  
with next weeks meeting seeing  
the beginning of a course of pub-  
lic speaking, coached by Rev. Al-  
bert Ongley. A play will be started  
with hopes of presenting it to the  
community later in the year.

### WINONA NUPTIALS

THOMAS-HILL

Bronze chrysanthemums banked  
the steps to an altar decorated with  
pure white chrysanthemums and  
gladioli for the wedding on Satur-  
day, at 4:30 p.m. at St. John's  
Anglican Church, Winona, of Nan-  
cy Winnifred, younger daughter of  
Mr. and Mrs. J. A. Thomas, to Mr.  
Robert Hill, son of Mr. and Mrs.  
George Hill of Canton, Ohio, USA.  
Officiating at the unusually beau-  
tiful marriage was the Rev. Albert  
E. Ongley, as he united the young  
couple in a double ring ceremony.  
Soloist was Miss Norma Mason of  
Hamilton who sang, "The Lord's  
Prayer" and "Perfect Love" while  
Miss Betty Johnson presided at the  
organ.

Given in marriage by her father  
the bride was radiantly lovely in a  
princess style gown of imported  
blush pink satin falling to a cathe-  
dral train. The low neckline of  
her dress was filled in with an ex-  
quisite yolk of heirloom French  
lace, while a bow of the same lace  
adorned the bodice. Her fingertip  
veil floated from a small headdress  
of matching blush satin, and she  
carried a white gift prayer book  
with two perfect mauve orchids as  
her only flowers.

Sister of the bride, Mrs. Clifford  
Belton was Matron of Honour,  
gowned in turquoise blue taffeta,  
and nylon net, and she wore an os-  
trich tipped velvet headdress, and  
velvet gloves matching her bouquet  
of giant bronze chrysanthemums.  
The bridesmaid, Miss Betty Ward  
of Hamilton, was gowned also in  
taffeta with similar headdress,  
gloves and bouquet of bronze chry-  
santhemums. The two little flower  
girls, Misses Gracie Thomas and  
Margaret Green wore full skirted  
lavender taffeta gowns, and head-  
dresses, and carried flowers match-

ing those of the other attendants.  
The best man was Mr. Arthur Hill  
of Canton, Ohio, brother of the  
groom, while the two ushers, both  
brothers of the bride were Messrs.  
Owen Thomas and Ernest Thomas.

Following the wedding, a recep-  
tion for over 75 guests was held at  
the Cozy Bend Tea Room at Win-  
ona, where the bride's mother re-  
ceived in dove gray crepe while her  
small hat of burgundy was trim-  
med with ostrich plumes, and she  
wore a corsage of deep pink roses.  
The groom's mother wore gray  
wool with a deep red hat and her  
corsage was of red roses.

The wedding cake was very  
beautiful in three tiers, iced with  
pink roses, the top tier decorated  
with a large silver wedding bell  
over a bride and groom. A pretty  
feature of the wedding cake was  
the sentiment of it's being made  
by the bride's mother. Toastmaster  
was Mr. David Bower of Hamilton.

Leaving for a honeymoon in  
Montreal, and then continuing to  
Canton, Ohio, where they will  
make their home, the couple left  
with the wishes of their friends  
following them. The bride's going  
away costume was a navy and gray  
gabaridine suit with a charming  
little gray bonnet veiled and tied  
under her chin, with gray acces-  
sories.

### COMING EVENTS

The Winona Horticulture Society  
will hold their opening meeting on  
Tuesday, October 25th, at 8 p.m.  
Legion Hall, Winona. A good pro-  
gram has been arranged with Mr.  
John S. Clark, Fieldman for the  
Ontario Society lecturing on Bulbs.  
Mr. Clark is an authority on this  
subject and all are invited to at-  
tend. The cost of membership in  
this instructive and interesting  
society is small with the fee at  
\$1.00 which returns 60c of that  
money each year in premiums to be  
spent at local nurseries. Come this  
Friday, and join the Winona Horti-  
culture Society for "a green  
thumb" and "better gardens."

Also on the 25th of October, the  
Boy Scout Mothers' Rally will be  
held at Trinity Baptist Church, Ham-  
ilton. All members are invited to  
attend.

The Women's Institute will open  
their fall season with a meeting to  
be held at the home of Mrs. How-  
ard Smith. Guest speaker will be  
Mr. Rutherford Smith of Mount  
Hope who will address the group  
on Indian Lore. Mr. Smith has an  
extensive collection of rare relics,  
and it is hoped that he can bring  
some exhibits with him. It pro-  
mises to be an excellent afternoon  
for everyone who comes, as Mr.  
Smith is well worth hearing.

The Y.P. of the Fifty United  
Church are holding a Halloween  
Party on the 28th of October, so  
all who want to be there had better  
get their pumpkins, broomsticks,  
and false faces ready.

### COMING EVENT

The Saltfleet Wildlife Club meets  
at Mountain View School, Friday,  
October 21st. Everyone interested  
in conservation should attend, and  
there will be a good program put  
on by the Carling Conservation  
Club. This will be a BIG evening,  
and a drive for members will be  
featured.

### BOY SCOUT MOTHERS OPEN SEASON

A meeting of the Boy Scouts  
Mothers Auxiliary was held at the  
home of Mrs. Ralph Cocks on  
Thursday last. The Secretary's and  
Treasurer's report was given, and  
plans made for the fall season. The  
next meeting will be held at the  
home of Mrs. Murray Hunter, when  
a report of the Rally to be held on  
the 25th at Hamilton will be heard.  
The Rally is being held at Trinity  
Baptist Church. A lovely luncheon  
was served by the hostess assisted  
by Mrs. Norman Blowey.

### DEDICATION SERVICE AT ST. JOHN'S CHURCH

A dedication service for the ex-  
ecutive of the A.Y.P.A. and the  
Sunday School teachers for St.  
John's Anglican Church took place  
last Sunday at the regular morning  
service. The program was taken  
over by the A.Y.P.A. with Rev. Al-  
bert Ongley giving a shortened  
sermon. Robert Hambrook and  
Norman Johnson read part of the  
lesson, while the collection was  
taken by George Munro Jr., and  
Douglas Hambrook. A solo was  
sung by Marian Wilkes. There was  
a large attendance, and the service  
was enjoyed by all there.

### MEN'S CLUB NAME COMMITTEE HEADS

Names of the committee chair-  
men and members were released  
by Secretary Roy Parke of the  
Winona Men's Club on Saturday,  
as follows:

Attendance and Membership  
Committee, Chairman, R. W. Ben-  
nett; members G. M. Found and  
George Munro Jr.; Civic Improve-  
ment Committee, Chairman, Har-  
vey Walker; members, Howard  
Boyce.

Boys' and Girls' Health and Wel-  
fare Committee—Chairman, Fred  
Linton; members, Aubrey Love,  
Geoffrey Hambrook, Harry Wal-  
ters.

Athletic Committee, Chairman,  
Thomas Collin; members, James  
Henderson, George Coker Jr.,  
Finance Committee, Chairman,  
K. C. Millikin; members, George  
Marfel, William McKinley, P. D.  
Bankier, and James McIntyre.

Program Committee—Chairman,  
Albert Papasian; members, Henry  
Bauer, Russell Atkinson and Rev.  
Charles Bridgman.

### ELECTRICIANS OF SALT FLEET WILL BE LICENSED

At the monthly session of the  
Saltfleet Township Council, a by-  
law under discussion for some  
time was passed to the effect that  
regulation of electrical workers,  
and the necessity of their purchas-  
ing licenses was established.  
Henceforth all unlicensed electri-  
cians will not be allowed to op-  
erate throughout the township, ex-  
cept on their own property. Con-  
tractors, or master electricians,  
will pay a yearly license fee of  
\$20.00 as a resident or \$50.00 as  
non-resident. Journeyman electri-  
cians will pay a yearly fee of \$5.00.  
Electricians from the village of  
Stoney Creek were also claimed  
under the heading of residents for  
the purpose of this by-law. Licen-  
ses will be granted by Council  
only after the applicant has met  
with the requirements of an exam-  
ining board, consisting of fol-  
lowing members: The Reeve of the  
township, the local Hydro Spec-  
tor, N. Curry, and W. H. Weh. At  
an early date, the complete by-law  
will be published for further clar-  
ification.

The week's session was busy  
with many delegations awaiting  
before Council. A. R. Glob Chair-  
man of the board of West Lincoln  
Memorial Hospital was speaker  
for such a delegation, applying to  
the Council for financial assistance  
in maintenance of the hospital. He  
suggested that a special rate of 1  
mill be levied on that part of the  
township east of Glove Side  
Road.

Deputy Reeve Bridgman spoke  
on the matter for Counciling

that "the entire matter of hospital  
costs has been under consideration  
for some time both here and in  
County Council. At present, resi-  
dents of Saltfleet are paying higher  
rates at City hospitals in place of  
an additional subsidy in this munici-  
pality. We think something will  
be done by the County in the im-  
mediate future about this problem,  
and we don't think we should estab-  
lish a precedent of this sort." As  
a result, the Council decided to  
make a direct grant of \$500.00 to  
the hospital board, to assist them  
in a fine work.

The water problem arose again  
when a group from Lakeland and  
Orchard Beach Surveys appeared  
with a petition signed by all but  
three of the property owners there,  
requesting council for a statement  
of cost for a water - system  
throughout their surveys. They  
were given assurance by Council  
that this will be done immediately.

James Millen, assessor and tax-  
collector, reported that total taxes  
paid as of Sept. 30th to be \$104,-  
583.97; population of township to  
be 7,564 an increase of approxi-  
mately 600 since January, 1949.  
Total assessment on lands and  
buildings in the municipality this  
year is \$5,075,891.65, an increase  
of about \$200,000 over last year's  
figures. Reeve Digby Banting point-  
ed out that this indicates a higher  
figure per capita assessment than  
formerly showing that the type of  
building in the township has im-  
proved slightly.

### RECREATIONAL COUNCIL POINTS TO FUTURE PLANS FOR DISTRICT

Much business of interest to the  
entire community came under "the  
hammer" at the Saltfleet Recre-  
ational Meeting, held Tuesday, Oc-  
tober 11th, at Mountain View  
School. With the President Ken  
Clark acting as chairman, the var-  
ious projects were discussed the  
group, a financial committee was  
set up, and operators to care for  
handling and showing of the films  
selected. A Red Cross group was  
begun, and plans for an opening  
play were completed.

The relation of the council to the  
community was discussed and  
clarified, as it was shown that the  
council does not want to operate  
in competition with the many or-  
ganizations of the district, but along  
with them, although to be a mem-  
ber of the Recreational Council one  
does not have to belong to any  
organization. That this work would  
strengthen the organization would  
be clear, said Mr. Clark, and the  
benefit to community interest and  
welfare extensive.

The film Council providing the  
use of films for all groups through-  
out the district was discussed with  
volunteers offering to go through  
a training period to learn the  
handling and operating of such  
films. Those offering their services  
were James McIntyre of Winona,  
George Groul of Vinemount, John  
Fell of Fruitland, William Pearson  
of Mount Albion, and Mrs. K.  
Dwyer of Fruitland. It was decided  
to hold a weekly night of instruc-  
tion, and move from Winona to  
Fruitland, with the committee cho-  
sen to take charge completely.  
Film volunteer groups will be or-  
ganized later to a larger group, and  
more will be heard as the instruc-  
tion progresses.

A Financial Committee was set  
up with Joe Whitfield chosen as  
Chairman, Stewart Jeffries of  
Vinemount, Roy Bailey of Winona,  
Gilbert Williams of Mount Albion,  
Edna Carlton of Vinemount, and  
Alastair Smith of Winona as mem-  
bers. The question of selling tickets  
for membership was discussed and  
it was generally agreed that this  
should come later, after the coun-  
cil was more organized.

The Vinemount Drama Guild,  
under the chairmanship of Stewart  
Jeffries, offered their new play,  
"Jane Eyre" to be presented for an  
opening performance for the Coun-  
cil. It was decided to launch the  
program in this way, the date to  
be announced later.

A Red Cross Group was orga-  
nized under the direction of Mrs.  
Isa Caton, who will train a display  
group to visit various organiza-  
tions to create interest. Mrs. Caton  
explained that any club wishing to  
have the group could book them  
ahead of time. It was then suggest-  
ed that the demonstration be put  
on as an evening's community pro-  
ject, which met with the approval  
of all members.

Another meeting of the Recre-  
ational Council will meet soon for  
further discussion, but it is felt by  
all that the future will see this  
club as a well organized necessity  
of the community supplying all  
interested with hobby interest, and  
a new friendship through working  
together as a community.

Two films were shown depicting  
community work, one of which  
"When a City Plays" was most  
inspiring to all interested in this  
type of work. Showing the work  
that began with one family in a  
neglected part of the city, and the  
spread of community feeling and  
pride to embrace the entire city,  
made an inspiring picture of hope  
for every community.

Thomas A. Edison was dismissed  
from a job as a young man for  
sleeping while on duty.

## JUNIOR FOOTBALLERS WIN ANOTHER TILT

Grimsby Juniors failed to keep track of a lad by the name of Pete Sutton, brilliant backfielder for the Oakville High football squad, and it was Sutton who was primarily responsible for the twelve to one victory chalked up by Oakville here last Friday.

Sutton and his team mates were kept in check during the first quarter, and although Oakville held an edge of the play, Grimsby played good ball with Jim Lawson, Howie Walters and George Kaputay getting fine support from a Grimsby line that displayed its best strength to date.

The locals got a slap in the puss in the second quarter, when Walters went out of the game with a leg injury, and Lawson was carried off after a hard tackle near the end zone, with most of the damage being done by a bunch of bicycles parked too close to the playing field. Oakville scored their first major soon after and converted successfully to lead six to nothing at the end of the first half.

Lawson was back in for the third quarter, but again Oakville pushed the Grimsby team deep into their own end zone, and after failing twice from the one yard line, Sutton got over for the second major score, a forward over the line giving the Oakville squad a twelve to nothing lead. George Kaputay booted a single near the end of the quarter, and this proved to be all for the locals, who could not get organized in the final quarter, in which Sutton stood out for Oakville, although he was stopped from doing further damage to Frank Psutka's Juniors who have now lost two while winning one. They play Saltfleet here in Grimsby this Friday afternoon. Game time 3 o'clock.

## NEW SPORTS FIELD FOR JORDAN AREA

Jordan, Oct. 14—Plans for a new sports field complete with floodlights for night softball, bleachers and refreshment booth were made last night as a large gathering of Jordan district citizens formed the West Louth Athletic Association. More than 50 men attended an enthusiastic meeting at the Jordan school.

The generous offer of C. B. Haynes of land for the new sports field was accepted unanimously. Mr. Haynes agreed to lease two or more acres, as much as the Association needed, for the nominal fee of one dollar a year. The land is on the south side of the Middle Road, between the Jordan Station and the Haynes sidroad.

The land, some of which now is under cultivation, will be levelled with a bulldozer and slashings on a portion of the land will begin immediately. It is planned that the field will be ready for the use of Jordan's Ontario champion ball teams next spring.

The newly-formed Athletic Association elected an executive consisting of W. Richardson, W. E. Honsberger, A. J. Haines, C. B. Haynes, Lorne Foster, Doug MacNinch, Ross Hannigan, Bernie Gee, Charles Platts and Jack Carlton.

A finance committee charged with the important work of finding funds for floodlights to place Jordan in the van of district softball centres was appointed: Bernie Gee, Charles Bauer, Jim Swan, Lorne Foster and Ed Middaugh.

## JUNIORS WIN SECOND GAME, DEFEATING OAKVILLE 11-7

The Grimsby Juniors currently striving to make headway in the interschool C.O.S.S.A. football loop, showed plenty of what it takes on Tuesday, when they stepped into Oakville, league leaders, and came home with a very neat eleven to seven victory. It was undoubtedly the Juniors' best effort to date, not only because they happened to be on the win side of the ledger, but had to come from behind a six nothing deficit to snatch a win.

Undoubtedly the locals got the breaks of the game, and for sure Oakville helped them out by continually being offside, a little feature that the sharp eyes of the officials spotted time after time and gave valuable yardage to the red and black of Grimsby. Offsides and roughness were severe pitfalls for the haughty Oakville squad whose main artery, one Pete Sutton was kept well in check by a determined Grimsby team.

Oakville's only touchdown resulted from a blocked Grimsby kick, followed by a bad snap, with Harrison going over for the major score which was converted via the pas route.

Sutton got away for a fifty yard run in the second quarter, a fake kick completely fooling the Grimsby team, but his mates failed to penetrate a hardened Grimsby line. The locals' first big break came in the form of an Oakville lateral intended for Sutton. Big Jim Lawson was running at full speed as he intercepted and pounded on for a touchdown, which was converted. It was a break, but well taken advantage of by hefty James.

Trailing six to five as the second half started, the third quarter was featured by plenty of fumbling by both squads, although no scoring resulted from the loose ball handling. A twenty-five yard roughing penalty against Oakville gave Grimsby the ball on the Oakville eleven, from where Walters moved it to the one with a brilliant end run to the right. On the first buck, the Oakville line held, and on the second play, an attempted wide sweep to the left went awry, and Grimsby fumbled, but again Oakville was offside and the locals got another try still from a yard out. On the third try Kaputay made no mistakes as he dove and pushed his way to pay dirt. Again the convert failed but the Grimsby guys had the ball game sewn up.

Oakville took to the air with about ten minutes remaining, and managed to notch a single point as Walters fumbled an Oakville kick in his end zone and was brought down to give the losers their seventh point. Grimsby held on for dear life in the fading minutes, and had possession of the ball when the whistle ended the game.

The Juniors take on Saltfleet this Friday in a game they have to win to earn a playoff spot. Game time is three o'clock at the High School grounds.

## CAUSED BIG STIR

No event in hotel history ever caused such a furor as the opening of the Tremont House in Boston in 1829, because it surpassed, in accommodations, all other inns and taverns in the world. Instead of making four or five strangers sleep together in one bed, the Tremont gave each guest a whole room with a lock on the door and clean linen on the bed. Instead of having to use an outside pump to wash, each guest was supplied with a bowl and a pitcher of water. Another of the Tremont's numerous innovations was the employment of bell-boys whom it called "rotunda men."

There were only 813 commercial failures in 1948.

prominent radio singer and  
master of ceremonies

RICHARD PENNINGTON  
University Librarian,  
McGill University

GREGORY CLARK  
distinguished  
columnist

# Do You Know...

where the name  
"hockey"  
came from?

The word 'hockey' is derived from the 'hooked stick' with which the game is played, from the Old French word 'hoquet', meaning 'shepherd's crook'.

Do You Know... that the general idea of ice hockey is not original with Canada? Many 16th and 17th century Dutch paintings show a game something like hockey being played with a stick shaped like a golf club.

Do You Know... that there are sharp differences of opinion as to exactly when and where the first ice hockey games were played in Canada? Although Kingston, Halifax and Montreal are most often mentioned in this connection, available records seem to suggest that the first organized games were played around 1881, between the Victoria Hockey Club and McGill University teams, in Montreal, and in Kingston between the Royal Military College and Queens University.

Do You Know any interesting and unusual facts? Our "Advisory Panel" will pay \$25 for any authenticated readers' submissions if they are usable. All letters become our property. Write Black Horse Brewery, Station L, Montreal, P.Q.

DAWES BLACK HORSE BREWERY

You are eligible to apply if:

2. You are single and between 17 and 30 years.
3. You have a minimum of one year less than Junior Matriculation for Radio trades and two years for all others... or equivalent in both cases.

## Examine "Original" Old Testament Scrolls

Interest has been aroused among Bible scholars throughout the world by the announcement of the discovery of documents claimed to be the original Old Testament scrolls. Fragments of the scrolls found in a cave in Palestine are at present being examined. Dr. P. H. Rother, shown here, deputy keeper of the research laboratory at the museum, examined pieces of the scroll, but did not comment on their authority.

## CHILDREN'S AID SOCIETY A COMMUNITY RESPONSIBILITY

This is one of a series of articles submitted by the Children's Aid Society of the City of St. Catharines and the County of Lincoln. Our purpose is to further community understanding and interest in all programs dedicated to raising the standards of child and family life in our midst.

### "I THOUGHT IT WAS MY HUSBAND'S PRIVILEGE TO BEAT ME UP"

With these words, and with a look of complete surprise, a young mother began to engage freely in conversation with the social worker.

Here she was at 22 years of age, married five years, and the mother of three very cute, but pale, and haggard looking children. It was quite evident that there was not what one might call a happy home, as both mother and children registered a look of fearfulness and apprehension on their faces.

By this time Mrs. — had found in the social worker, a kindly, sympathetic listener, and one who was prepared to let her talk "without cramming the words back down my throat" as she put it.

It was finally at the suggestion of a friend that she had sought the assistance of the Children's Aid Society, after having lived, or should we say, existed, through years of mental and physical cruelty.

As a girl in her late teens she had turned to marriage to escape the confusion and sheer frustration of her own parents' home. Talking quite calmly now, and with the social worker offering the odd lead question, Mrs. — told of her father being out of work for several years during the depression; her mother taking in washing and ironing and she and her brothers and sisters going to school with barely enough food in them to keep them alive.

Her father in moments of sheer frustration and under the influence of liquor resorted to as a means of escape, had struck her mother repeatedly until she was all but black and blue.

"He used to accuse my mother of being a nag, when really she was just about as worried and desperate as I am now," she said.

The one thing that seemed to be lodged firmly in Mrs. —'s mind was a comment often made by her mother when she was a child, simply, "you must remember, your father is the head of this house and if he chooses to beat me it is my duty as a wife to take it without complaint."

Naive you say. Perhaps so, however, this conception of married life had made such a deep-rooted impression on Mrs. —'s life that when she encountered similar treatment in her own married life, she recalled with fear, the days in her own home as a child, and took it "without complaint."

Here, we found two generations in which the role of wife and mother was similar and in which treatment by the husband was also the same.

If one were to look for the underlying, basic cause of this attitude on the part of husbands, one would find frustration and a feeling of inadequacy present in both cases.

In the case of Mrs. —'s father his frustration centered about his lack of employment during depression days. Insofar as her own husband was concerned, his difficulty lay in the fact that he had not been able to assume the full role of discharge from the services. Coupled with this was his inability to find suitable living quarters for himself and his family. He in turn, resorted to excessive drinking and physical and verbal abuse of his wife.

It is at such points as these that the Children's Aid Society is often called in. Children living in this type of environment cannot possibly grow up to be mature, clear-thinking adults, adequately prepared for marriage and all its responsibilities.

Situations of this kind if allowed to persist often result in the breakdown of a home and it is our task as social workers and lay-folk alike, to do everything possible to avoid this.

By providing an outlet for the pent up emotions of a husband and wife through the medium of office interviews and this followed by kindly, sincere counsel and guidance has often times resulted in husband and wife being drawn closer together and a home saved.

## GENERAL BROCK DIED JUST 137 YEARS AGO

Gave His Life For His Country At The Battle Of Queenston Heights — Statue Is Floodlighted.

One hundred and thirty-seven years ago, October 13, 1812, one of the outstanding figures in Canadian History, gave his life for his country. Major General Sir Isaac Brock is a name that will never be forgotten. He was born in Guernsey, October 6, 1768, entering the British army at the age of fifteen and at twenty-eight was Commander of the 49th Regiment. After serving under Admiral Nelson at the Battle of Copenhagen — being second in command of landing forces, he brought his regiment to Canada in 1802.

In 1810 he was made Lieutenant-Governor of Upper Canada. He held the titles, Knight Commander of the Order of the Bath, General Officer, President and Lieutenant-Governor of Upper Canada.

During the war of 1812, unable to secure aid or proper reinforcements, he led a meagre and poorly-equipped army in defense of Canada. In 19 days he met and prodded the Legislature, transported his forces three hundred miles to Detroit which he took from the Americans and captured 2,500 muskets.

He returned to Niagara and on October 13 led his York Volunteers against the invading Americans at Queenston Heights — there to be finally shot by a sniper.

Half-way up the heights, Col. John MacDonnell, aide-de-camp to General Brock, and first Attorney-general of Upper Canada died the same day as his fellow officer, in defense of the Redan Battery. They were buried side by side in the Fort George burial ground.

In 1824 a monument was erected at the expense of the Crown, on the battle ground on the heights in honour of Brock. The laying of the corner stone by Sir Peregrine Maitland was quite a ceremony, surrounded as he was by a large muster of the Niagara Militia and the British Regulars. The actual laying of the corner stone, under the auspices of the Masonic Order, was conducted with all the elaborate ritual of the Craft.

The usual collection of coins and newspapers was placed in the stone among them a copy of W. L. MacKenzie's Colonial Advocate, a fact that displeased Sir Peregrine Maitland so much that he is credited with having ordered the stone to be re-opened, and the "dis-loyal Rag" removed.

Construction was speedy, for on the following October 13th, the remains of Sir Isaac Brock and Lieut.-Col. MacDonnell were removed from the bastion of Fort George, where they had lain for twelve years and solemnly placed in the Vault.

On Good Friday, April 17th, 1840, the monument was shattered and reduced to ruins by an explosion of gun powder placed underneath it. Although a reward of two hundred and fifty pounds was offered no one was apprehended, though the deed was credited to Benjamin Lett and Jacob H. De Witt.

### New Monument

The restoration took many years, through no fault of the Loyalists, because on July 30, 1840, a mass meeting was held at Queenston Heights to insist that there be a new monument. Ten steamers ascended the river, from Kingston, Cobourg, Hamilton and Toronto. The governor and suite were on board H. M. S. Traveller. A large pavilion had been erected and a dinner provided for which 1,000 tickets at 7s 6d had been issued.

A committee was named with Sir Allan McNab at its head, subscriptions poured in, and on October 13, 1853, the foundation stone of the present monument was laid and a fourth interment of Brock and MacDonnell took place, their coffins having rested meanwhile in the Hamilton burying ground in Queenston.

This monument, completed in 1858, at a cost of \$50,000, is 185 ft. high, 55 feet higher than the first, and built of Queenston limestone. W. Thomas of Toronto was architect and J. Worthington also of Toronto was contractor.

The "little monument," as it is sometimes called, was erected at the foot of the heights marking the spot where Brock fell; a cairn at the position of the Redan Battery, one at Vrooman's Point also another at Brown's Point also mark important spots of the Battle of Queenston Heights.

In 1929 an arm of the statue fell during a storm and was restored in 1931.

In 1947 the figure was floodlighted and later the same year the whole 185 foot shaft was lighted. Thus illuminated, the monument is no longer a hazard to low-flying aircraft, but reminds one by night as well as day of the life and death of "that gallant gentleman."

The farthest north a bird summers, the farther south it will winter.

Chester, common ending for English town names, comes from the Roman word, castra, meaning camp, since many were originally Roman camp sites.

**Stuff  
Round  
Town**

by Gord McGregor

### EGAD!

We hate to mention it, but that O'Brien guy just got himself another buck. Whether or not this one will prove to be more playful than the one whose demise we covered last week remains to be seen. James tells us that the reason he is importing another of the blighters is simply because the poor doe missed the buck. Humm. She's lonesome. At any rate you residents up around Livingston and Kerman had better prepare yourself for the worst, 'cause if you think the late demented buck was a goin' concern, wait 'til the new one comes along eating up acres and acres of peach trees. Gotta high fence, Jimmie?

### NUTS

A fruitgrower in Niagara-on-the-Lake is currently selling hickory nuts at a dollar fifty a six quart basket. He planted the trees in rows right in this orchard, and the trees are cultivated, sprayed and pruned just like any other domestic tree. We presume that instead of pinking off birds with a pea shooter, this chap would be on the look-out for squirrels. It could be that this fellow like a lot of other growers consider the whole darn fruit industry a little nuts, so why not grow same.

### UPLIFTING

CNR workmen are at present giving the good old Grand Trunk station a face-lifting... or to be more precise, raising her bottom. Seems as how time and the elements have rotted away many of the beams supporting the 40 year old station, and so it was found necessary to jack the joint up and insert some new timbers to keep Lindy and his crew from sinking from sight. While they are at it, the brick walk in front of the station is being torn up and will be replaced with an asphalt walk. Mr. Gordon musta found some money already.

### FALL FROLIC

This Friday night the auditorium of the high school should be jumping to the bounce of one Bruce Anthony and his orchestra, said band having been hired by the Jaycees for their Fall Frolic. Advance ticket sales have been very good, so it would appear that a large crowd will be on hand for the Jaycees first venture into the realm of promoting dances. This dance has a purpose to it, which should make it doubly worthwhile taking in. Tickets are on sale at both drug stores and from any member of the Jaycees.

### GAZOOKS! SPOOKS!

Time is growing short, and on the 31st of this month, old and young alike will be donning costumes of every hue and description for the annual hike up Main Street to the arena where hundreds... well... lots of prizes will be awarded to those persons showing the most originality etc., etc., in dressing for the Hallowe'en Parade. Sponsored by the Jaycees, the affair depends on the participation of the citizenry, and also on the generosity of the merchants and business men of Grimsby, who donate prizes for the event.

### STEAMED LETTER

Dear Police Commishur:  
Dis letter's to ask if dere is any chance of having the stoplight at Depot and Main Streets turned off before the snow flies. All summer have wondered why it was there and for some reason I can never remember to think of it until I am almost to the liquor store, then when I am travel west. When travel east I sometimes don't remember darn thing until I almost down as far as fruit stand th sells cider in gallon jugs.

Once when just come to dis country I dri my car true one of deeze ligh in the city, and I pay policeman dollars. But in city cars from many ways come at light in many numbers, so I no can see why numbers, so I dis my brakes not good an if ever I remember to stop I might not get stop, so to stop I might men on job in Grimsby he might cost me two lara.

## BREVITIES

EVENTS and TOPICS  
of the WEEK in  
TABLOID .....

Optimist Club meets next Thursday night.

Jaycees Fall Frolic tomorrow night.

Poppy Day, Saturday, November 5th.

Legion Bingo, Friday night, November 4th.

Legion Salvage collection, Saturday, October 29th.

Call No. 616 or 495 for a poppy wreath to display on Remembrance Day.

Dedication of new West Lincoln Memorial hospital, Sunday afternoon.

Recent winners in the Star Cleaners draw were Miss Anna Earle, R.R. 1, Grimsby, and Mrs. A. E. Mack, Main W., Grimsby.

Ask your Canadian Legion representative for a poppy wreath to display in your window this Remembrance Day. You will be honouring those who gave their lives and helping those who returned.

The 25th annual Lincoln County Plowing Match and Farm Machinery Demonstration, will be held on the farm of Victor Book, three miles south of Beamsville on Wednesday, October 26th.

The Fort Erie memorial ice arena is a paying proposition. Since its opening this spring, the arena has turned over to the Fort Erie treasury \$10,000 in excess of operating expenses, stated Mayor Louis Ziff at the meeting of town council.

## LEGION JOTTINGS

WEST LINCOLN BRANCH,  
No. 127

The monthly general meeting of the branch was held last evening but it was to near the deadline to report.

The sale of wreaths has started with great promise, the telephone orders are ahead of last year. The number is 616, so ring in your order.

Have all the veterans of 1939-45 sent in the cards for their medals and stars, if not they should do so in order to assist the Department to clear up. The Department is not a mind reader, it's up to you to tell them where you are. Cards obtainable at the Post office or the Legion Club.

While on the question of medals, great care should be taken to mount them on the bar so that the bottom of the medals and stars are level, the adjustment to be on the ribbon, the longest medal to have one inch of ribbon. When being worn, the line of the bar should be strictly horizontal, on the left breast, and about four inches below the point of the shoulder.

**Coming Events**  
Salvage Collection, Grimsby, Saturday, October 29th.  
Bingo Game, Masonic Hall, Friday, November 4th.  
Poppy Day, Saturday, November 5th.

Decoration Day, Grimsby, Sunday, November 6th.

Memorial Service, Beamsville, Remembrance Day, November 11.

Memorial Service and unveiling ceremony at St. Andrew's Church, Grimsby, Sunday, November 13th.

I ask Mr. Odd at high school about this letter I should wrote to you after I take lesson from Mr. Odd, and he say you will understand, and I think anyhow he don't like light eder.

Dis is first time I wrote letter in Grimsby language and after two more lessons from Mr. Odd I gonno write man in capital city to tell him I want more better price for my peaches. Dey werry cheap dis summer, so I really can not pay policeman two dollars for light anyhow.

I read in paper dat you the big policeman even dough you do not wear a blue suit and carry a gun like bigger fellah than you who drive a blue car. So I think if you good man you won't be mad at me for telling you to turn off the red light. Udder dan dat, Grimsby hokay.

signed  
John Deepeeski.

### COLD DOG

It doesn't really make much difference whether your dog is a pedigree pooch or just a mutt, anyone who keeps a dog around their home should think enough of him to give him a good home... and a warm one. Now that the nights are getting a bit chilly, how about giving Fido a break and provide a good warm spot for him to sleep and dream of bones as big as English cars. Fido has no way of telling you how he feels, but I'll bet he will be plenty thankful for your extra consideration.

## INSTALL NEW BOILER

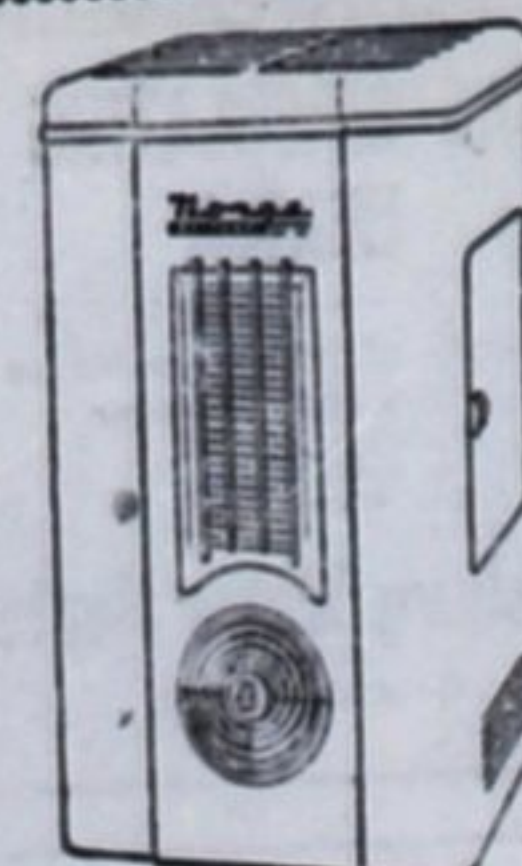

Beamsville Dairy has recently installed a Napanee automatic oil burner type boiler, the apparatus being the most up to date of its kind. Mr. William Christie, owner of the dairy said that it is one of the first to be installed, and added that its efficiency would further increase the modern facilities of the dairy which serves the greater part of West Lincoln.

## BEAMSVILLE LIONS TO PRESENT COMEDY SHOW

The Beamsville and District Lions Club is presenting a riot of laughs in a local talent production entitled "Laff It Off."

Featuring local amateurs the show boasts of impersonations of many famous people of the newspaper business, such as Walter Winchell, Dorothy Dix, Hedda Hopper's Inquiring Reporter, and also impersonations of such people as Gene Autry, Judy Canova, Rochester and others.

Directed by Miss Birdell Andre, of Phoenix, Arizona, the show is scheduled for October 20th and 21st at the Community Hall, with the curtain going up at 8.15.
